CONGRATULATIONS

ON COMPLETING YOUR JOURNEY!

...Man must live by his dreams, by the goals he strives to reach, and by the ideals which he chooses and chases. What is man anyway? Man is flesh and blood, body and mind, bones and muscle, arms and legs, heart and soul, lungs and liver, nerves and veins – all these and more make a man. But man is really what his dreams are. Man is what he aspires to be. He is the ideals that beckon him on. Man is the integrity that keeps him steadfast, honest, true.

– Benjamin E. Mays

Former Morehouse College President
