Our SEL focus this month is getting to know you.

Get To Know Aubrie!

My name is Aubrie and I am so excited to be the Site Coordinator for Dixon! This is my first year working with the Boys and Girls Club. I recently graduated from UVU after studying Communication. I was excited to get this position as my first job post graduation.

I come from a small family with only one sister, I am originally from Utah, and winter is my favorite time of year. I love spending time with my husband, my family and friends, and eating ice cream and watching movies.

During Power Hour we will be helping the kids with homework. We want to have them all caught up and ready to go for the break so this will happen everyday as needed.

STEM Labs

We will start our STEM activities in January. These are activities that are focused on learning skills related to science, technology, engineering and math.

Enrichment

During December our club rotations consist of homework help, hip-hop dance club, music club, badminton club, and games. More clubs are coming too!

Prevention & Education

Coming in January we will start clubs for Man Camp and Girls Empowered. These clubs are focused on prevention and education for the students and to learn new skills to share with their families.
