

Announcements and Registration Requirement Information:

Dear Walden Families,

Welcome to 2021 After School Clubs at Walden Middle School!

Clubs are **free** for any middle school student and are held every day of school. **If your child ever comes to school before 8:20am or stays beyond 3:15pm** they participate in the Walden Middle School Clubs Program. **All participants must be registered** in order to ensure the safety of your children. I will be reaching out to families who attend after school clubs but have not completed registration. Registration can be completed online through the following links:

Looking Ahead:

Families Talking Together(FTT) program.

FTT is an evidence-based program offered through our partnerships with the Boys and Girls Clubs of Utah County and Centro Hispano. It consists of a two-hour session focused on helping families talk to their children about various issues such as: teen decision-making, parental concerns, quality relationships, boundary-setting, and discussing difficult topics with your teen. It is designed to be attended by parents.

We would LOVE if you were able to attend a FTT session. Please reach out to Bryan at bryan.sours@waldenschool.us if you would like to schedule a session.

Friday Clubs Online Only

Because Walden MS students do not come to campus on Fridays we are hosting online clubs every Friday. Join us by accessing the Google Meet through the after school club Google Classroom.

Covid-19 Protocols

In order to ensure a safe and enriching environment all club activities will follow the health and safety protocols set by Walden based on state requirements. We will also be offering online club activities to ensure club opportunities are available to all students.

Community Resources:

Walden partners with Boys and Girls Club of Utah county to provide after school clubs and community resources. Boys and Girls Club is offering links to free community resources on their website which can be accessed through the following link - <https://bgcutah.org/communityresources/> There are currently links for suicide prevention and crisis hotline services. More resources will be added throughout the year.
