## Project Learn

*Monday-Thursday 3:15-4:00 pm*

Learning can be fun! During our power hour we'll focus on age-appropriate, hands-on activities that help students explore concepts they are learning at school and are supported by our reading and math program.

## STEM Labs

*Tuesday & Wednesday 4:00-4:45 pm*

STEM stands for Science, Technology, Engineering, and Mathematics. STEM teaches how to problem solve through critical thinking, experimenting, and exploring.

## Enrichment

*Monday-Friday 4:00-4:45 pm*

Enrichment activities are our Clubs, Service days, and Fun Fridays. Our clubs this month will explore spring activities and learn soccer skills. Our Service days this month will focus on Random Acts of Kindness that helps make our school a safer place to be. Our Fun Friday will allow the students to participate in fun social activities and shop at our Club Store.

## Prevention & Education

*Monday-Friday 2:30-2:45 pm*

This short time frame can make a huge influence in a child's life. We discuss topics from our CSC and Positive Action program. This helps the students recognize how to make smart, healthy, and happy choices throughout their lives.
