BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is Responsibility

A Huge Thank You to You!

We wanted to take a second to say a huge thank you to all of you; the parents and guardians of our students at Sunset View! This year has been a learning curve to say the least and we have so appreciated your patience and support as we've navigated a COVID safe after school program. We are so glad that we've had the opportunity to get to know and work with your students over the past school year. We wish everyone a safe and fun summer and can't wait for next year's after school program!

Activity Spotlight

One of our awesome volunteers taught us a few karate moves on a Friday in April. Ask your student to show you their fighter stance! We love our talented volunteers!

Happy Birthday!

Mikayla- 5/22

We wanted to get to celebrate all our friend's birthdays so we had an unbirthday party where we celebrated everyone's birthday on April 29th!

CLUB CLOSED

May 13th- Water Day, please send your students with swimsuits or clothes that are okay possibly getting wet
May 14th- Last Day of Program

Project Learn

The goal of Project Learn is to reinforce the knowledge and skills youth learn in school by integrating fun, educational activities throughout Club programs.

STEM Labs

We have at least one STEM lab every week. This month our focus will be on Science activities.

Enrichment

Older Grades (4-6): The older group will be finishing their animal club during the first week of May and joining in on our week of fun for the second week of May.

Younger Grades (K-3): We have a lot of fun activities planned for the last two weeks with a focus on mad scientist projects including an egg drop, making slime, and ice cream.

Prevention & Education

We hold our Caring School Community program every day. The topics this month will be responsibility and friendship, focusing on the friendships we've made throughout the school year.
