STEM Labs

3D Printing: Tues, Wed, Fri

We have opened that club to Tuesdays, Wednesdays, and Fridays and are limited to the first 15 parents who sign up their students for those days. Please only sign up for ONE of those days and attend only the days that you sign up every week through September. (It is understandable that you miss 1-2 days throughout the month). It takes a few weeks for students to build and print their designs. The students are welcome to come to BGC clubs the other days, but just can't participate in the 3D printing club unless they have signed up for that day. Use the following link to add your name to the waitlist:

SEL (Prevention and Behavior)

Power of Thoughts and Actions

We teach Social Emotional skills to our students in order to give them confidence as they grow up. They will learn communication skills and social skills that they can use their entire lives. We strive to help youth be their best in all situations.
