Get to Know

Hailey Larsen - Site Coordinator

Hi, I'm Hailey! I've been in education for four years and I truly love what I get to do every day. My dream is to get my PhD and to become a college professor. Fortunately I love learning and reading so I look forward to the work ahead of me. My husband and I are new to Cedar City and we love the community we are surrounded by. Our after-school community is especially amazing and I'm so excited to see where this year takes us!
