STEM Labs

Tuesdays, Thursdays, Fridays

Come do 3D printing with Mr. Lai in the Library. Parents must sign up students first before they can attend these days.

We have opened that club to Tuesdays, Wednesdays, and Fridays and are limited to the first 15 parents who sign up their students for those days. Please only sign up for ONE of those days and attend only the days that you sign up every week through September. (It is understandable that you miss 1-2 days throughout the month). It takes a few weeks for students to build and print their designs. The students are welcome to come to BGC clubs the other days, but just can't participate in the 3D printing club unless they have signed up for that day. Use the following link: [MN BGC 3D Printing Sign Up](#)

Enrichment

Lacrosse, Rollerblading, Ping-Pong, Sewing, Quilting, Crafts, Drama

Come enjoy some time learning and building these skills!

SEL (Prevention and Behavior)

Positive Action and SMART Moves

We teach Social Emotional skills to our students in order to give them confidence as they grow up. They will learn communication skills and social skills that they can use their entire lives. We strive to help youth be their best in all situations.
