Belknap Afterschool Program 2023-2024

January Club & Activity Details

Message to Parents:

Welcome back! We hope you all had a relaxing holiday break and time spent with your loved ones. We are excited to jump back into after school programs. We look forward to continuing to build relationships with the youth, teach them new skills that can help them in the future, and watch them grow into future leaders!

Social Emotional Learning:

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Monday & Thursday with new topics each week. The January theme is getting along with others, a great way to start off the new year!

Academic Support:

Power Hour - the main focus of power hour will be to help youth complete homework assignments, work on HYLEA activities and their book in a bag. Our goal is to help youth reduce missing assignments by aligning with school teachers, and working on daily assignments at program to allow family time at home. If you know what homework your student should be working on, please let us know and we will do our best to assist them!

Enrichment Clubs:

Theater Club - We are excited to be implementing a Theater Club! Theater provides a safe space for youth to explore and express a wide range of emotions. Through role-playing and character development, students develop empathy as they embody different perspectives and understand the motivations and experiences of others.

STEM Club - Youth will participate in a fun STEM Club activity! STEM activities provide opportunities for youth to explore STEM subjects, topics and challenges through hands-on experiential learning.

Edventures Club - Our Edventure Club activities encourage the discovery of talents, interests and self-confidence. While building unique creations and problem-solving through engaging challenges, learners are given autonomy and the opportunity to realize their full potential.

Passport Club - Kids are curious by nature and discovering that there are people and places around the world that are both similar and different from them is an important way to teach them about diversity and acceptance. They will learn about different cultures, foods, music and fun facts about each country as they utilize their passports to travel the world!

Create Better Health Club - Allie Bradshaw with our local USU Extension Office visits our programs monthly to offer the Create Better Health Club where the focus is to help participants establish healthy eating habits and a physically active lifestyle.

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is Getting along with others

Get To Know

Hello, my name is Carla Saldan. I'm from California. I'm currently 25 yrs old. I am a YDP for the Boys & Girls club & also work as an aide for Belknap Elementary. I enjoy helping others in need, specifically animals and children. I enjoy shopping or baking in my free time. I enjoy spending time with my family and my dogs. I enjoy music and am listening to it almost all the time. I like any & every genre. I am thankful & look forward to this year's program!
