January Club & Activity Details

Message to Parents:

Welcome back! We hope you all had a relaxing Winter break.. We are excited to jump back into afterschool programs. We look forward to continuing to build relationships with the youth, teach the youth new skills that can help them in the future, and watch them grow into future leaders! Please see the Descriptions below for an overview of our January Month.

Social Emotional Learning

Positive Action- Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program runs Mondays & Wednesdays with new topics each week. The January theme is “Managing Me” & “Getting Along With others.”

Service Project- Students will help do acts of service. These acts will help improve the club atmosphere and the school atmosphere. This could look like cleaning up the playground or writing thank you notes.

Academic Support

Project Learn - The main focus of power hour will be to help youth complete homework assignments, work on HYLEA activities and also participate in our reading program. Our goal is to help youth reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home. This takes place Monday through Thursdays 4:20pm - 4:50pm.

STEM

Youth will have the opportunity to participate in a new experiment every Friday during rotations. Youth will focus on learning about observation, hypothesis, and the scientific process in these experiments.

Enrichment Clubs- Tuesdays from 4:50 pm-5:20 pm & Fridays from 3:30pm-3:50pm.

Dance Club- This month youth will explore the many different types of dance. They will learn basic steps and choreography for different dances. Then at the end of the month as a group we will choreograph a dance together.

Soccer Club- This month youth will explore how to play soccer. Throughout the month we will learn the rules and techniques of the game. Then at the end of the year students will play a soccer game.

Country Club- This Month students will learn about different countries. We will explore the different animals, plants, foods and so much more about each country. We will also discover their locations on a globe.

Building Club- This Month students will explore the processes of designing and building. They will get to have hands-on experience by bringing their designs to life on smaller scales, such as building with popsicle sticks.

SEP Week- January 16th to 19th

Parent, during SEP week we will be having a modified program. Once school is out at 12:00pm students may come to the gym and grab a snack and their activity and then they will need to be picked up. We will not be having program until 5:30 pm. Students will need to be picked up at 12:00pm from the school.

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is Managing Me & Getting Along With Others

Get To Know

Hi, my name is Jenna Beatty and I am a YDP (Youth Development Professional) for the Boys and Girls club. I am currently in the Elementary Education program at Utah Tech University and I am on Utah Tech's premier song and dance team FUSION.

When I am not singing, dancing, or with kids, I love to be outside, spend time with family, and curl up with a good book. I love working with your kids and making connections with each of them through the After School program.

Upcoming Events

Martin Luther King Jr. Day- No School
SEP Week- Modified Program 16th-19th

Project Learn

Monday- Thursday: 4:15 pm- 4:45 pm

Building strong minds through reading and positive thoughts/actions. We will also talk about self-discipline and continuing to build our self awareness.

STEM Labs

Fridays 2:05 pm- 4:45 pm

Members will have the opportunity to participate in STEM labs. They will learn how science, technology, engineering and math can be used in everyday life.

Enrichment

Tuesday/Thursday: 4:50 pm- 5:20 pm

Fridays 2:05 pm- 4:45 pm

Enrichment clubs are offering our members opportunities to participate in a variety of activities which will continue to change as the year progresses.

Prevention & Education

Monday/Wednesday: 4:50 pm- 5:20 pm

Friday: 1:00 pm-1:30 pm

Positive Action & SMART Moves curriculum provide members with important social-emotional skills.
