March Club & Activity Details

Message to Parents:

Hello all! Spring is finally among us! **Last month we were supposed to hold our Parent Night and unfortunately due to some issues coming up we were unable to complete it. So we have decided to reschedule it for March 27th.** This Parent Night will incorporate the projects from February's clubs and also March's clubs as well. We hope to see you all there. It will be a great way to get to know our staff better as well as seeing all the fun things your child is up to while here at After School. I was told that my emails have not been going through but I believe I figured out what went wrong and now you all will receive my emails.

Social Emotional Learning:

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program - an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Monday and Wednesday with new topics each week. The January theme is Getting Along With Others, a great way to start off the new year!

Kid-Grit - The kid-grit curriculum is the perfect combination of social-emotional learning, mindfulness, character education, and youth development. We are committed to this equitable approach to social-emotional learning for both your students and staff. As a result, when educators facilitate the kid-grit curriculum in classrooms or programs, there will be no disconnect.

Academic Support:

Project Learn - The main focus of power hour will be to help youth complete homework assignments, work on HYLEA activities and also participate in our reading program. Our goal is to help youth reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home.

Enrichment Clubs:

Music Club - Ms. Savannah - 80s. 90s. Early 00s. Not only will they be focusing on music from different decades, they will also be learning about music from around the world, and why music is important in so many cultures.

Dance Club - Ms. Mimi - Even if they have two left feet students are still encouraged to sign up and join this club. This is a great way for kids to get out of their comfort zones and bond with their peers.

Sports Club - Ms. Sydney - Goal! Touchdown! Home Run! This club is all about learning about different sports. Each week will highlight and focus on a different sport. This allows kids to get familiar with sports they didn't think they would have played before.

Bracelet Making Club - Ms. Maddie - This club students will focus heavily on creating their own accessory. They will also be making friendship bracelets that they can give to anyone they choose.

STEM - Each week we will have an integrated science club. The STEM lessons will correspond to our clubs every week!

Friday Rotations - Every Friday we will have activities planned that will build both the physical skills as well as creative and artistic skills of the students. The students have loved having time to do these activities and get to rotate between them during the allotted time during the day.

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is Getting Along With Others

Get To Know

Ms. Miriam

My name is Mimi! I'm a mom and wife who loves to read, dance, hike, and cook. This is my first year working for the after school program, but I have worked for the school district for the last 13 years or so. I love working and helping the kids I work with.

Upcoming Events

Mar 11-18 Spring Break

Project Learn

Mon-Fri

Daily assistance with reading, writing, math, spelling, or any other homework help.

STEM Labs

Tues & Thurs

Each week we will have an integrated science club. The STEM lessons will correspond to our clubs every week!

Enrichment

Mon-Thurs

Enrichment clubs are to further enrich and broaden our members' experiences by offering a variety of clubs that members have a choice between. These clubs are changed on a monthly basis.

SEL-Prevention and Behavior

Mon & Wed

Positive Action Empowers Greatness with the direct moment-by-moment practice of thinking, acting, and feeling.
