March Club & Activity Details

Message to Parents: March is gearing up to be more fun than we've had before for clubs! Check out when your kid's favorite club will be!

 **Better Health Club** - Had a special double session last month, so look out for this club in April!

 **STEM Club** - Available on Mondays we continue our STEM (Science, Technology, Engineering, and Mathematics) Club by focusing this month on Technology! Students will have the opportunity to learn and grow in their tech education by having chances to engage with everyday technology with Miss Jessica.

 **Paint Club** - Exploring every inner artist with paint as our medium! This month we will enjoy fun activities that challenge each student to be a better artist. The students will learn blending, composition, and enjoy creating a true work of art. Every Tuesday come visit the paint club with Miss Nikole!

 **Astronomy Club** - Wednesdays are for space! Lets learn about constellations, moon phases and other planetary fun! We look forward to being curious about the last frontier. Miss Brooklyn will be instructing the students this month on all things space.

 **Sports Club** - The Spring Sports club will be Kickball! Now that we can enjoy outside time again, let's gear up for another fun tournament! Thursdays during March come in and get to be competitive for fun! We look forward to Miss Kadence's fun club!

Monday, *March 18* Look out for our  **St Patrick's Day Party!**

Wednesday, *March 27*, we will have a service project! Wear good play/work clothes that day!

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is My Truest Self

Lucky Us!

Welcome Nikole!

Nikole loves to travel, her favorite place to visit is Colorado! She is currently studying Elementary Education in school with hopes of teaching 4th grade! She loves jewelry!

We are very lucky to have her!

Upcoming Events

- 18. St. Patricks Day Party
- 28. Kickball Club Tournament

Project Learn

Monday - Thursday 4:30 - 5:00

The main focus of power hour will be to help members complete homework and school assignments.

STEM Labs

During enrichment clubs, members will have the opportunity to participate in STEM activities that are engaging and enjoyable for all.

Enrichment

Enrichment clubs are to further enrich and broaden our members' experiences by offering a variety of clubs. Clubs are to help students build skills in a variety of creative and fun activities.

SEL (Prevention and Behavior)

Monday - Thursday

Positive Action, Kid-Grit and SMART Moves curriculum focus on providing youth with important social-emotional skills. All SEL skills are taught through daily lessons and then integrated throughout the rest of programming.

Utah State Board of Education
