## February Club & Activity Details

### **Message to Parents:**

We have finished January! We hope you all had a good transition back into school with your children. We are excited for what we have planned for the month of February! We look forward to continuing to build relationships with the youth, teach the youth new skills that can help them in the future, and watch them grow into future leaders!

### **Social Emotional Learning:**

**Positive Action** - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Tuesday & Friday with new topics each week. The February theme is getting along with others, and being your truest self!

### **Academic Support:**

**Power Hour** - The main focus of power hour will be to help youth complete homework assignments, work on HYLE activities and also participate in our reading program. Our goal is to help youth reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home to foster relationships.

**STEM Labs**: Each Friday the students will be treated with a specialized activity that is provided by one of our staff that will focus on helping them develop skills in math and science!!! The goal is to help students develop a love for all things STEM and grow their interest in it!

**Fun Friday Rotations**: Each Friday the students will get to participate in structured activities that our staff plan based on what the students would like to do or have earned. We will have everything from physical activities, creative activities, and much more for them to wind down and get ready for the weekend!

### **Enrichment Clubs:**

**Cartoons/Anime** - In this club, students will have the opportunity to learn all things about cartoons and anime! From how it is made or the process that goes into creating some of their favorite films and shows, to even being able to try making their own little cartoon comics!

**SuperHeroes!!** - We all have heroes in our life, and we want to be able to show the students that heroes come in all shapes and sizes! By learning about some superheroes in popular media the students will be able to learn about themselves, and understand that there is a hero within all of them!

**Painting** - Many of our students love to be creative through their drawings and paintings. One of our staff noticed this and wanted to create a club where the students could express themselves in larger ways and showcase their thoughts and emotions through art! Expect some great pieces from your little artists!

**Favorites** - In this club students will have the opportunity to look back at their year and everything they have done. They will do activities they have liked in the past, but will also work on their communication with others in voicing ideas they would like to try out and see if it works! In the end they will be more ready to be leaders in the club or life and show a group what they can do together!

# February 2024

# Timpanogos Elementary

**BOYS & GIRLS CLUBS**  
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

*Our SEL focus this month is Getting Along With Others!*

## Get To Know Ali!

Heyyy I'm Miss Ali, the newest YDP at Timpanogos Elementary! I'm here to help the kids feel safe, secure, and happy with the help of my other staff members. I love anything to do with music, stickers, squishmellows, and everything artsy. I can't wait to give a warm welcome to everyone and hope I can make a great impression.

## Upcoming Events

Feb 7-9 SEP Conferences  
Feb 19 Presidents Day

## Project Learn

Monday-Thursday @ 3:45 PM

We hold Power Hour on Monday-Thursday where we help with homework, hold our reading program, and provide learning games/activities and books for the kids.

## STEM Labs

Fridays @ 2 PM

Our main STEM activity every week is held on Friday. This month we will begin to focus on new activities provided by one of our staff!

## Enrichment

Monday-Thursday @ 4:30 PM or 4:45 PM

We run enrichment clubs Monday-Thursday. This month we will be introducing 4 new clubs, one done by each of our staff to help the kids do more things they enjoy doing!

## SEL (Prevention and Behavior)

Tuesday @ 3:45 PM before Project Learn  
& Friday @ 2:00 PM

We will become more familiar with Positive Action and learn how to get along with others and be more true to our truest selves!
