Walden High Afterschool Program 2023-2024

March Club & Activity Details

Hello to our amazing parents & guardians!

Welcome back! We hope you all had a relaxing Christmas break and time spent with your loved ones. We are excited to jump back into afterschool programs. We look forward to continuing to build relationships with the youth, teach the youth new skills that can help them in the future, and watch them grow into future leaders!

Social Emotional Learning

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Tuesday & Thursday with new topics each week. The January theme is getting along with others, a great way to start off the new year!

SMART Moves - Is a BGCA Social Emotional Learning curriculum that is evidence based with focuses on building positive relationships, decision-making/critical thinking skills, learning how to avoid/resist harmful substances/circumstances, and bullying prevention. This program is run on Fridays with new topics each week.

Academic Support

Power Hour - The main focus of power hour will be to help youth complete homework assignments, work on HYL A activities and also participate in our reading program. Our goal is to help youth reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home.

STEM Labs

Math - Waldens amazing Math teacher Josh works with students three times per week to strengthen and become confident in Math and Engineering skills. Students will also have opportunities to receive help in needed Math areas.

Enrichment Clubs

Dungeons & Dragons - Has a magical selection of student DM's to guide adventurers through engaging storytelling! An amazing time for experienced players and newcomers alike! Students will learn team building skills, thinking creatively, problem solving as well as strengthening writing skills.

Drama - Students are currently preparing their production for A Midsummer Night's Dream! Students actively engage with their theater peers, developing strong communication skills and building confidence.

Apothecary - A time where students choose skills to build or plan an event. This club prioritizes student choice and encourages students to take leadership roles to bring new experiences to their peers. Popular projects include terrarium building, holiday parties, animal and plant care, and sewing or related skills.

Chess - Students learn different levels of chess strategy. Chess is known for building skills in problem solving, pattern recognition, abstract reasoning, creative thinking, and sportsmanship.

Cosplay - This is a student developed and led club. Students design, prep, and make pieces to recreate a character in film or literature. It is often required students learn and practice new skills to create these pieces such as sewing, carving, and painting as well as learning to create around a budget.

Strategy - Do you love the thrill of a tabletop game such as Vast, Risk, or Catan? Do you want to enjoy the thrill but feel overwhelmed learning all the rules? Never Fear, we are here to help! This student led club will teach students how to work with numbers, follow instructions, resolve conflicts and problem solve.

Anime - Perfect for the avid fan OR anyone curious about this epic animation style! Students will learn about Japanese culture, cuisine, and film and literature.

Make and Mend - Students will learn techniques to repair items such as clothes for more sustainable living as well as bind their own books and other related projects students want to explore.

March 2024

Walden High

4266 N University Ave Provo, UT 84604 | 801-374-1545

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is Strong Body and Mind!

Get To Know!

Kelly Belt loves sparking creativity in youth with her love for the natural world - specifically all the wonder and unique animals that inhabit it!
