April Club & Activity Details

Message to Parents:

We are so excited for the fun activities we have planned for February! We look forward to continuing to build relationships with the youth, teach them new skills that can help them in the future, and watch them grow into future leaders!

Social Emotional Learning:

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Monday & Thursday with new topics each week. The January theme is getting along with others, a great way to start off the new year!

Academic Support:

Power Hour - the main focus of power hour will be to help youth complete homework assignments, work on HYLEA activities and their book in a bag. Our goal is to help youth reduce missing assignments by aligning with school teachers, and working on daily assignments at program to allow family time at home. If you know what homework your student should be working on, please let us know and we will do our best to assist them!

Enrichment Clubs:

Music Club - We are excited to be implementing a Music Club where kids can explore the world of music. Learn basic rhythms and even create their own songs. It's all about having fun with music, whether they're singing along, or clapping to the beats, or just enjoying the sounds they make together!

STEM Club - Youth will participate in a fun STEM Club activity! STEM activities provide opportunities for youth to explore STEM subjects, topics and challenges through hands-on experiential learning.

Cooking Club - Our Cooking Club is a place where students can learn about food and cooking in a fun and safe environment. They will try out simple recipes and learn about kitchen safety while exploring different ingredients!

Art Club - Art club is a creative space where young artists can express themselves. They'll dive into drawing, painting, crafting, experimenting with different materials and techniques. As they learn about colors, shapes, and history, all while creating their own masterpieces and developing their artistic skills among friends!

Create Better Health Club - Allie Bradshaw with our local USU Extension Office visits our programs monthly to offer the Create Better Health Club where the focus is to help participants establish healthy eating habits and a physically active lifestyle.

APRIL 2024

Belknap Elementary

510 N. 650 E. Beaver Utah

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is improving me

Get To Know

Hi my name is Marjorie Lorenzo. I'm 19 years old and I'm happy to be a part of the Boys and Girls Club staff. In my free time I like to spend time with my dogs. I'm very passionate about helping and guiding children. I like to think that we can all lead them to the best version of themselves. I'm so excited about joining the BGC team and getting to know every single one of the students.

Project Learn

The main focus of power hour will be to help members complete homework and school assignments
M-TH 4:30-5:00

STEM Labs

During enrichment clubs, members will have the opportunity to participate in STEM activities that are engaging and enjoyable for all

Enrichment

Enrichment clubs are to further enrich and broaden our members' experiences by offering a variety of clubs. Clubs are to help students build skills in a variety of creative and active activities
M-TH 3:30-4:30

SEL (Prevention and Behavior)

Positive Action, Kid-Grit and SMART Moves curriculum focus on providing youth with important social-emotional skills. All SEL skills are taught through daily lessons and integrated throughout the rest of program.
