March Club & Activity Details

Message to Parents:

We are very excited to offer your children clubs and activities to learn about friendship, nature, scrapbooking, painting, and STEM. They will have the opportunity to expand their knowledge about those topics through a series of activities that will allow them to learn and grow in a positive learning environment.

Social Emotional Learning:

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Tuesday & Thursday with new topics each week. The February theme is "Your Truest Self".

Healthy Lifestyle - A supplementary social emotional learning program designed to guide youth through healthy lifestyles for a strong and healthy future.

Academic Support:

Power Hour - The main focus of power hour will be to help children complete homework assignments, work on other academic activities and also participate in enhancing reading skills. Our goal is to help students reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home.

Enrichment Clubs:

Friendship Club - The purpose of this club is to create a space where children can build strong relationships and confidence in themselves. Knowing that they have a companion in the club and or being able to create a new friendship within the club.

Nature Club - The purpose of this club is to provide children with opportunities to learn about new ways to appreciate the environment we live in and to express it creatively.

STEM Club - The purpose of this lab is to provide children with learning opportunities about science, technology, engineering, and math. They will interactively explore and create problems and solutions to different everyday problems.

Activities:

Scrapbooking - Children will create memories in a colorful and expressive way. By keeping and cherishing moments in photography and crafting.

Painting- By creating artwork with paint, children will have fun ways to express different emotions and imaginative ideas.

March 2024

Windsor Elementary

1315 North Main Street Orem, UT 84057 | 801-372-5373

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is My Truest Self and Improving Me

Get To Know The Boys & Girls Club Staff!

London James is one of our Youth Development Professionals. She started working for the Boys and Girls Club in September 2023. She is very creative and loves to paint. She is always happy and smiling. She loves to be part of the club and be with your children every day!

Upcoming Events

Check our **March Calendar!** So you can plan accordingly, especially on the days that our club is closed.

Please pay attention to any emails that we send you.

Follow us on

Happy Birthday to YOU!

- Sici - 7
- Angelyka - 8
- Maddox - 9
- Zyriah - 18
- Salome - 20
- Logan - 21

Power Hour

Monday-Thursday

We have homework help available every single day. We also will have reading, writing, and math activities.

STEM Club

We will have STEM once a week with fun activities that will help children learn about Science, Technology, Engineering, and Math.

Club Enrichment Activities

Monday-Friday

Friendship, nature, sports, arts, crafts, scrapbooking, team-building activities, and more!

SEL (Prevention and Behavior)

Tuesday and Thursday

We will use Positive Action to teach Social and Emotional skills to the kids. We will implement twice a week lessons and activities in this program to teach the children the importance of understanding their emotions and knowing how to manage them.
