Cherry Hill Afterschool Program 2023-2024

May Club & Activity Details

Message to Parents:

We cannot believe we are in our last month of the school year!! We have had an amazing year and are so sad for it to end but we are also very excited to end the school year with a big bang! We have many fun plans and activities planned for this month to send everyone off to a fun summer! We have absolutely loved our time with all of your children. We thank you all for your support and for an amazing year ♥

Social Emotional Learning:

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment

throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Tuesday & Thursday with new topics each week. The January theme is getting along with others, a great way to start off the new year!

Academic Support:

Power Hour - The main focus of power hour will be to help youth complete homework assignments, work on HYLE activities and also participate in our reading program. Our goal is to help youth reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home.

STEM Labs:

Science - Youth will have the opportunity to participate in a new experiment every Tuesday, Thursday and Friday! Youth will focus on learning about observation, hypothesis, and the scientific process in these experiments.

Enrichment Clubs:

End of School Year Creative/Physical Activities Club - Since it is our last weeks of program, we will have an array of End of School Year Activities that will include creative and physical activities.

Gardening Day - On Monday, we will have our gardening day where we will teach the children the importance of plants and how to plant and grow them. We will allow the children to decorate their very own pots, plant their own 'easy to grow' plants that they will be able to name and grow over the summer.

Talent Show - On Tuesday will be our talent show. Every child will have the opportunity to sign up to showcase their talents whether that's singing, dancing, even art or ANYTHING else. We want everyone to feel included and then after we will have a dance party.

Movie Day - On Wednesday we will have our movie day! We will recreate a movie theater and give each student a ticket to the movie and a couple of tickets for small snacks. The movie will be rated G for everyone. They are welcome to bring anything comfy for maximum comfort.

Field Day - On Thursday we will be doing a field day with all of the kids favorite field games, such as, kickball, races, tag, and more!

Award Night - On Friday, we will be doing our annual award night where we will recognize the kids for all of their hard work and successes over the year! This is a family event where everyone is invited to come and join us in recognizing the children!

MAY 2024

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Parent Message

Now that the weather is nicer, we love to do fun activities outdoors! We love making chalk art, blowing bubbles and playing games on the field!

Project Learn

Monday-Thursday

The main focus of power hour will be to help members complete homework assignments, work on HYLEA activities and also participate in our reading program.

STEM Labs

Tuesday and Thursday

During our power hour on Tuesdays and Thursdays, members have the opportunity to participate in STEM labs after they have.

Enrichment

Everyday

Enrichment clubs are to further enrich and broaden our members' experiences by offering a variety of clubs that members have a choice between. These clubs are changed on a monthly basis.

Prevention & Education

Monday, Wednesday & Friday

Positive Action & SMART Moves curriculum focus on providing youth with important social-emotional skills. All SEL skills are taught through daily lessons and then integrated throughout the rest of programming.
