May Club & Activity Details

Message to Parents:

It's been such a fun year, we have absolutely loved having your children in our program and enjoyed getting to know them. Now that testing is done, and we're approaching the end of another school year, we want to send off your kiddos with a variety of fun activities. We hope to see them join us for more fun next year!

 **Create Better Health Club!** - Allie Bradshaw teaches our youth valuable information on healthy eating. She challenges the kids to embrace all aspects of the food pyramid by providing yummy snacks with her informative lessons! Ask your kiddos what categories their foods fall into, we've been learning! (Dairy, Veggie, Fruit, Protein, Carb)

 **Volleyball Club** - Miss Kadence will be starting out the week with Volleyball every Monday! The kids will learn to serve, bump, set, spike, communicate as a team, and enjoy friendly competition. We hope to continue to see good sportsmanship, as all of the youth have been doing an amazing job of being inclusive and fair during our sports club activities.

 **Slime Club** - Ooey, gooey fun for Tuesdays! Slime club will be taught by Miss Nikole, and feature all kinds of slime fun: colors, glitter, different types of slime and endless possibilities. It will be just as fun as it will be messy, don't miss out!

 **Steal the Ball Club**  - An absolute favorite amongst our kids during program free play, utilizing the strategy, teamwork, and bravery of capture the flag, with the added skill set of throwing and catching. We look forward to Wednesdays being Steal the Ball Club days with Miss Jessica.

 **Animal Club** - Calling all animal lovers, Thursdays are the day for you. Miss Brooklyn, and her menagerie of animals, will be instructing the youth on animal care and sharing fun facts. This information will be especially helpful for our walking field trip to experience some interesting animals in person.

Activities this Month:

 **Breakfast Meal:** A breakfast meal featuring foods from every category of the food pyramid. Yum!

 **Drum Fun!** Some fun forming a drum circle and using rhythm as a language!

 **Water Field Activity:** What's more fun than a field day? Adding a water element- weather pending- youth will have the opportunity to play some games and get splashed. (They will not be getting completely drenched)

 **Cinco de Mayo Celebration:** We love an opportunity to celebrate another culture! Cinco de Mayo will be celebrated by the program with festive treats and fun.

 **Service Project:** We will have our youth take an opportunity to thank their amazing teachers, administrators, and custodians for a great year.

 **Animal Club Walking Field Trip:** Miss Brooklyn's family will provide us the opportunity to walk to their property and interact with some animals! Featuring dogs, cows, horses, and a special surprise!

End of School Carnival!  For the last day of program this year we wanted to finish with an absolute BANG! A carnival to end all the fun, just for our amazing afterschool kids. Come enjoy games, prizes, treats, and face painting! [More information to come!](#)

MAY 2024

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL focus this month is Improving Me

Our favorite memory...

Miss Nikole's favorite 🗨️ was her first day! SO many kids, and absent staff, Miss Nikole is a trooper! 💪 😊

Miss Kadence's favorite 🗨️ was our fun Halloween Party! 🎃 The first of many parties with our staff and program. 🥳

Miss Brooklyn's favorite 🗨️ was our Valentine's Party! ♥️ All the extra love and kindness was just the best! 🥰

Miss Jessica's favorite 🗨️ was reading and watching *The Lorax* with the kids, so many laughs! 📖 🎬

Project Learn

Monday - Thursday 4:30 - 5:00

The main focus of power hour will be to help members complete homework and school assignments.

STEM Labs

During enrichment clubs, members will have the opportunity to participate in STEM activities that are engaging and enjoyable for all.

Enrichment

Enrichment clubs are to further enrich and broaden our members' experiences by offering a variety of clubs. Clubs are to help students build skills in a variety of creative and fun activities.

SEL (Prevention and Behavior)

Monday - Thursday

Positive Action, Kid-Grit and SMART Moves curriculum focus on providing youth with important social-emotional skills. All SEL skills are taught through daily lessons and then integrated throughout the rest of programming.
