May Club & Activity Details

Message to Parents:

We are so excited to be implementing these programs and clubs to help your kids! If you have any questions or any ideas for what you would like your child to be learning while here at the club please feel free to let us know. Thanks!

Event Planning Club - During the event planning club we will be focusing on planning a budget and activities/materials that fit within that budget to help practice budgeting skills.

Fun at home club - This club will focus on taking things from home that we might otherwise want to throw out or discard and repurposing them to fun things like activities or using them for different purposes.

Olympics club - In the olympics club will focus on teaching the kids the rules to the sports in the Olympics to prepare them for the Olympics this year

Knitting Club - In knitting clubs the kids are taught to make hats from scratch and donate them to those less fortunate!

Positive Action - Our positive action plans for this month are incorporating the lessons learned throughout the year into daily life

Power Hour - During Power hour the kids are using the time to finish homework or engage in academic activities to further cement what they learn in school.

MAY 2024

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Get To Know Emily!

Emily can most often be found reading, hanging out with her dog, Pixie, or chatting with good people. She also enjoys playing viola in the local orchestra. She's obsessed with her nieces and nephews and loves playing with them.

Happy Birthday!

Chelsie C. - 5/25
Mckenna H. - 5/24
Ignacio V. - 5/15
Lucia B. 5/28
Ashley I. - 5/7

CLUB CLOSED

5/17 Last Day of Clubs

Project Learn

M-F (K-3: 3:50-4:20) (4-6: 3:15-3:45)

Project Learn is a time for your students to receive additional academic support. Staff members are able to help them with math, reading, writing, and other homework subjects.

STEM Labs

The kids are focusing on engineering and building structures like the ones we see every day!

Enrichment

(K-3: M 4:25-5:20) (4-6: W 4:25-5:20)

Students will be focusing on Engineering, specifically structures. They will learn about shapes and structures through Engineering and Elementary curriculum.
