Washington After School Program 2023-2024

**BOYS & GIRLS CLUBS
OF UTAH COUNTY**

MAY CLUB & ACTIVITY DETAILS

Message to Parents:

Our mission with clubs and activities is to give your child more opportunities for learning and interactive activities with their peers. The goal is to provide an environment that gives your child the opportunity of choice and integrate into new activities each month. There will be a new set of clubs and activities each month that will be posted on the calendar. For monthly clubs, it is the goal to build on each activity weekly, giving your child the opportunity to learn new skills every week! Every day except Fridays we spend time with students doing power hour for academic support. Your child has time during clubs to work on homework that they have been given during the school day and they receive assistance from all Boys and Girls Club staff. On Mondays and Wednesdays students are able to participate in a staff led activity for the purpose of social and emotional learning. This time is allotted for students to become more educated on life skills and emotional intelligence! If you have any questions or concerns please feel free to reach out to me!

Washington Site Coordinator

PARENT NIGHT: It is that time of the year and program is coming to a close. As a reminder Boys and Girls Club follows the school schedule, so that means our last day of program will be May 17th. We have a ton of fun activities planned for students and parents to attend as well during program. This year we have outdoor water games planned along with some sweet summer treats. We invite all of you to attend with your child for our Fun Friday to celebrate the end of the school year! 🌞

Time: May 17th 2:00 PM - 5:30 PM

Social Emotional Learning:

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program – an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run Tuesday & Thursday with new topics each week. The February theme is getting along with others, a great way to start off the new year!

Academic Support:

Power Hour - The main focus of power hour will be to help youth complete homework assignments, work on HYLEA activities and also participate in our reading program. Our goal is to help youth reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home.

Skill Building Labs:

Each week on Friday youth rotate among fun and engaging activities designed to build or advance a skill in a creative, physical or STEM concentration area.

Enrichment Clubs:

Creative Club: This month for creative club students will be able to wrap up the year using their creative minds! They have the opportunity to utilize their skills and choice to engineer out of different supplies and objects provided each week. They will be given the time to create various different contraptions and self made objects to let their imagination run wild!

Physical Club: This month for physical club we are wrapping up the school year doing ESPN ocho games! These are all different types of games that are out of the norm and GIANT SIZE yard games! This is a fun and active way for our students to end the year on a positive note.

BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

☀️ *HAVE A GREAT SUMMER! THANKYOU FOR AN AWESOME SCHOOL YEAR!!* ☀️

Get To Know

Ms. Brooke

Ms. Brooke, our program manager here at Washington, does an amazing job at being a group leader and sets up an environment for students to succeed. She is a valuable asset to our team and leads by example through both holding students accountable and also being a great mentor! Thank you Brooke for all you do!

Power Hour

Monday-Thursday

The main focus of power hour will be to help members complete homework assignments, work on HYLEA activities and also have the opportunity to work with program staff on assignments given throughout the week.

Clubs

Tuesdays & Thursdays

This month students will be able to participate in an engineering club and an ESPN ocho sports club! Both these clubs are inspired off of opportunity and choice for all students and they both come with a variety of different activities all wrapped up into our last month of program!

Enrichment

Everyday

Enrichment clubs are to further enrich and broaden our members' experiences by offering a variety of clubs that members have a choice between. These clubs are changed on a monthly basis.

Prevention & Education

Mondays & Wednesdays

Positive Action & SMART Moves curriculum focus on providing youth with important social-emotional skills. All SEL skills are taught through daily lessons and then integrated throughout the rest of programming.
