## **May Club & Activity Details**

### **Message to Parents:**

*We are very excited to offer your children clubs and activities to learn about Myths & Legends, rainforest, dodgeball, STEM, and field day activities. They will have the opportunity to expand their knowledge about those topics through a series of activities that will allow them to learn and grow in a safe and positive learning environment.*

### **Social Emotional Learning (SEL):**

***Healthy Lifestyle** - A supplementary social emotional learning program designed to guide youth through healthy lifestyles for a strong and healthy future.*

### **Academic Support:**

***Power Hour** - The main focus of power hour will be to help children complete homework assignments, work on other academic activities and also participate in enhancing reading skills. Our goal is to help students reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home.*

### **Enrichment Clubs:**

***Myths and Legends Club** - The purpose of this club is to teach our club members the culture behind many different countries. Whether they tell tales or true stories, children will be enriched with back stories of many famous characters.*

***STEM Club** - The purpose of this club is to provide children with learning opportunities about science, technology, engineering, and math. They will interactively explore and create problems and solutions to different everyday problems.*

***Rainforest Club** - The rainforest is one of the biggest ecosystems in our world. Kids will be amazed by the many facts that explorers have discovered and still have yet to learn about the rainforest. Creating models or making diagrams of the forest life, there's much to do with this broad idea.*

### **Activities:**

***Dodgeball**- Children will learn how to play this outdoor sport in the field. They also will learn the value of being part of a team, having good sportsmanship, cheering for their team despite age, supporting their peers and having fun. They will learn that what matters is not to win or lose a game, what value is to be part of a team and strengthen their relationships with other club members.*

***Field days** - Children will be doing different fun activities on the field. They will have a great time with other club members as they play and learn from each other. **Please keep in mind that they might need to bring some sunblock because of their exposure to the sun for more than one hour.***

May 2024

# Windsor Elementary

1315 North Main Street Orem, UT 84057 | 801-372-5373

**BOYS & GIRLS CLUBS**  
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

## THANK YOU SO MUCH!!!

Thank you for being a BIG part of having this amazing program at Windsor. Thanks for your support and for letting us serve your children. We have enjoyed getting to know them at the Boys and Girls Club. It has been a wonderful time!!

**Have an awesome summer!!!**

## Upcoming Events

Check our **May Calendar!** So you can plan accordingly, especially on the days that our club is closed.

*Please pay attention to any emails that we send you.*

## Power Hour

*Monday-Thursday*

We have homework help available every single day. We also will have reading, writing, and math activities.

## STEM Club

We will have STEM once a week with fun activities that will help children learn about Science, Technology, Engineering, and Math.

## Club Enrichment Activities

*Monday-Friday*

Cultural learning, dodgeball, field day activities, arts, crafts, team-building activities, and more!

## SEL (Healthy Lifestyles)

*Fridays*

We will teach Social and Emotional skills to the kids by using healthy lifestyles. We will implement twice a week lessons and activities in this program to teach the children the importance of understanding their emotions and knowing how to manage them.
