

# Afterschool Program at Provost

---

**Fall Semester 2024**

Sept. 9 - Dec. 12, 2024

We are so excited to announce our fall semester of After School Clubs at Provost Elementary. We look forward to continuing to build relationships with the youth, teach the youth new skills that can help them in the future, and watch them grow into future leaders!

If you have done after-school clubs with us before, please note that there have been some changes with the time frame. **Clubs will run Monday-Thursday from 3:15 - 5:15 pm. There will be no clubs on Fridays this year.**

## REGISTRATION INFORMATION

Signups will be happening digitally. On **Tuesday, August 27th**, you will receive an email around 7:00 am with a link to a Boys & Girls Club registration for Provost form. This form will have you fill out information regarding your student, and choices for your top 5 clubs. If you do not fill out this form, your student(s) will not be placed in the program. Once submitted, the form will be time stamped. We will add students into clubs according to the timestamp on the google form. If you do not get into your first choice, we will automatically look at your second choice and then third choice and so on. You are not registered for a club until you receive an email saying that your student made it into that club. If you do not receive an email saying they are in that club then the club was full when you submitted your google form. We are able to do this because there is no fee to be in clubs. Filling out the registration form does not guarantee that your student will get into clubs.

Due to the high demand of clubs, your student will only be registered for **ONE club** during sign ups. There will be a question on the form that asks if you would like your student to be considered for a second club. If clubs have space your student will be registered for a second club and you will receive an email or phone call from us. We will also have a waiting list for clubs that fill up and should a spot open, we will let you know.

If your student signs up for a club and misses that club more than twice in a row, without a parent letting us know that they will be gone that day, we will replace them with another student. If they are sick or you let us know via email they will be gone that day, their space will be saved. That way we don't waste the space on students who end up not wanting to be in clubs.

## NEW PROGRAM COMPONENT

You will notice **Positive Action** in our schedule this year in the attached calendar. It is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run daily with new topics each week.

**SMART Moves** will also run this semester on Tuesdays only for Fall semester. It is a suite of targeted programs aligned with Boys and Girls Clubs across the country designed to help children develop healthy decision-making attitudes and skills.

## PICKUP INFORMATION

With the new year, also comes some new staff. With this we will need all parents to bring ID for pick up and ensure you add anyone who is able to pick up the child to their registration. We do this to ensure the safety of all the students and their families.

We are so excited to work with you all and hope to make it an amazing year!

## FALL SEMESTER CLUB OPTIONS
