BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our SEL Focus this month is improving ourselves continually

Get To Know Tanner!

Our spotlight this month is our new site coordinator Tanner! Tanner is originally from Georgia and moved out to Utah to go to college. He is studying physics and is on his way to becoming a theoretical physicist! He likes to hang out with his friends when he has time and loves to read books about science

Project Learn

M-TH (3:10-3:55)

Project Learn is a time for your students to receive additional academic support. Staff members are able to help them with math, reading, writing, and other homework subjects.

STEM Labs

*Monday & Wednesday
3:55pm - 4:25pm*

Students will be focusing on Science, specifically biology. They will learn about membranes through Engineering and Elementary curriculum.

Enrichment

M-TH 4:25-5:20

Enrichment activities will include things to further develop our students appreciation for not only their academic careers but their appreciation of their own involvement therein

SEL (Prevention & Behavior)

M-F (K-3: 3:15-3:45) (4-6: 3:50-4:20)

Our focus this month will be on Being true to ourselves (Positive Action)

Happy Birthday

TBA

UPCOMING EVENTS

First Day of Clubs 8/19

CLUB CLOSED

August Club & Activity Details

Message to Parents:

We are so excited to be implementing these programs and clubs to help your kids! If you have any questions or any ideas for what you would like your child to be learning while here at the club please feel free to let us know. Thanks!

[Sports Club] - In sports clubs they'll be taught the rules and regulations of different sports of their choosing. We will have Football, basketball, baseball, spikeball and other miscellaneous sports!

[All Ages- Knitting Club] - In knitting clubs the kids are taught to make hats from scratch and donate them to those less fortunate!

[Art Club] -During Art club the kids will be taught how to blend colors and use them to paint in different styles!

[Trip to Mexico] - The kids will be taught about the culture and customs of Mexico. They will engage in cultural learning activities and fun historical facts regarding our neighbors to the south!

[Gardening] - In the Gardening Club the kids will learn how to properly plant and care for foliage. They will learn about different types of soil and plants and the variation of needs that different plants have!

[Project Learn] - Project Learn or "Power Hour" is our academic time Monday - Thursday to help support what our club members are learning during the school day. Boys & Girls Club offers homework help, High Yield Learning activities, and other fun games/activities that have an academic focus that are still fun!

[STEM] - STEM is our twice a week rotation that is taught by our AmeriCorps members! STEM includes topics of science, technology, engineering, and math. Within this club our members will be able to learn and explore aspects of how the world works around them. Building, creating, and constructing projects out of objects in the world around them.

[SEL]- Similar to previous years, Boys & Girls Club uses two social emotional learning curriculums– SMART Moves and Positive Action. Within both curriculums, club members will learn a lot about feelings, emotions, being a good friend/peer, and ways to help others. Social Emotional is crucial to development and we make learning fun through these curriculums!
