September 2nd - Labor Day

Get To Know

Emma Lawyer

My name is Emma and I'm so excited to get to know everyone at Windsor this year! I grew up in Utah and I have a masters degree in public health. I love

the outdoors. Hiking and camping are some of my favorite things to do. I also enjoy horseback riding, watercolor painting, and reading. I am passionate about health and education and I love helping others succeed.

Project Learn

Monday - Thursday
4:00pm - 4:45pm

Homework Help, High Yield Learning Activities, and other fun 'get to know you' Brain games!

STEM Labs

Monday & Wednesday

September Club & Activity Details

Message to Parents:

Welcome back to Boys & Girls Club! We have missed you and your students over the summer! We hope you all had a great summer and are ready to be back learning and growing. This month will be one of new faces, familiar systems, and lots of learning! We are excited to welcome some new staff to our Windsor Boys & Girls Club team, including our new Site Coordinator, Emma Lawyer. We are so excited for you to meet her. Our staff will be learning and growing right alongside our club members.

Project Learn - Project Learn or “Power Hour” is our academic time Monday - Thursday to help support what our club members are learning during the school day. Boys & Girls Club offers homework help, High Yield Learning activities, and other fun games/activities that have an academic focus that are still fun!

STEM - STEM is our twice a week rotation that is taught by our AmeriCorps member! STEM includes topics of science, technology, engineering, and math. Within this club our members will be able to learn and explore aspects of how the world works around them. Building, creating, and constructing projects out of objects in the world around them.

Social Emotional Learning - Similar to previous years, Boys & Girls Club uses two social emotional learning curriculums– SMART Moves and Positive Action. Within both curriculums, club members will learn a lot about feelings, emotions, being a good friend/peer, and ways to help others. Social Emotional Learning is crucial to development and we make learning fun through these curriculums!

Creative Club - This month students will be able to express their creativity and imagination. They will get the opportunity to create their own puppets and put on a show. They will get to work on fine motor skills and practice working together as a group.
