Project Learn

(Monday-Thursday 4:15 - 4:45)

During this designated time, we focus on discussing school-related subjects, completing homework, or engaging in reading activities. Even if the children don't have assignments, we use this time to enhance their reading abilities by reading to a peer or a staff member.

STEM Labs

STEM stands for Science, Technology, Engineering, and Mathematics. It's an interdisciplinary approach to learning that encourages hands-on exploration, problem-solving, and real-world applications. STEM education focuses on integrating these four disciplines in order to promote critical thinking, innovation, and collaboration. By engaging in STEM activities, individuals develop skills that are essential for success.

Enrichment

Enrichment clubs are to further enrich and broaden our members' experience by offering a variety of clubs. Clubs are to help students build skills in a variety of creative and fun activities.

Social Emotional Learning

(Prevention & Behavior)

Monday - Thursday

The Social Emotional Learning curriculum is an evidence-based program that is integrated into afterschool activities to create a positive environment throughout the program. This environment encourages students to do their best and be their best. The Leader In Me program teaches real-life concepts that help students feel good about themselves.

October Club & Activity Details

Message to Parents:

As we welcome the beautiful season of fall, we're excited to invite your little ones to join us for an amazing October at the club! This month is packed with fun activities, including making smores, basketball games, and special celebrations that embrace the season's spirit. In addition to all the fun, we also offer homework help to ensure your child stays on track with their schoolwork while enjoying their time with us. It's a wonderful opportunity for your child to make new friends, explore their creativity, and get the support they need in a relaxed and engaging environment. We can't wait to create lasting memories together, so be sure to encourage your kids to experience all the excitement this October has to offer!

Halloween Club! 🎃 - Join us every **Monday** for Miss Nikole's Halloween Club is an exciting way to immerse your child in the spirit of the season! Each week, kids will engage in fun, themed activities such as crafting spooky decorations, exploring Halloween history, and enjoying festive games. With a mix of educational and entertaining activities, Halloween Club offers a perfect blend of fun and learning, helping your child celebrate this beloved holiday in a memorable way!

Camping Club! 🌲 - Join us every **Tuesday** for Miss Kadence's Camping Club! The Camping Club is a delightful way for your child to experience the great outdoors in a safe and engaging environment! Each weekly lesson is filled with fun activities like making smores, learning nature hacks, and making creative crafts inspired by nature.

Basketball Club! 🏀 - Join us **Wednesday** for Mrs Marquessa's Basketball Club! The Basketball Club is filled with fun and friendly lessons designed just for our youngest athletes! In a safe and supportive environment, the youth will learn the basics of basketball through exciting games and activities; focusing on simple skills like dribbling, passing, and shooting, and using playful drills that make learning enjoyable. Each lesson includes fun team games that help children build confidence and experience the joy of playing together. Join us for a fantastic time filled with laughter, teamwork, and a love for the game!

Eras Club! ⌚ - Join us every **Thursday** for our Eras Club! The Eras Club is an exciting journey through time where young explorers can discover different historical periods in a fun and engaging way! Each week, we'll dive into a new era, from ancient civilizations to the Roaring Twenties, through hands-on activities, crafts, and interactive storytelling. Children will enjoy creating period-themed art, playing games from different times, and even eating popular foods from the time! This club not only sparks curiosity about history but also encourages creativity and teamwork as kids share their discoveries. Join us for an unforgettable adventure through the ages, where learning about the past is always a blast!

Chris Waddell! 🌟 - Join us on **October 3rd** to meet Chris Waddell! He's a Paralympic champion who has achieved so much and wants to share his story. Chris will talk about how important it is never to give up, believe in yourself, and to follow your dreams, no matter what challenges you face. With fun stories and inspiring messages, he will encourage everyone to try their best and show that anything is possible. This event will be a great chance for the youth to learn, ask questions, and feel motivated!
