September Club & Activity Details

Message to Parents:

With the new year, also comes some new staff. With this we will need all parents to bring ID for pick up and ensure you add anyone who is able to pick up the child to their registration. We do this to ensure the safety of all the students and their families. We are so excited to work with you all and hope to make it an amazing year!

You will notice **Positive Action** in our schedule this year. It is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run daily with new topics each week.

SMART Moves will also run this semester on Tuesdays only. It is a suite of Targeted Programs aligned with Boys and Girls Clubs across the country designed to help children develop healthy decision-making attitudes and skills. This is taught during program this semester only
