CLUB CLOSED

Get To Know Your Teachers!

What's your favorite springtime outdoor activity? 🌸

Miss Nikole 🌺 - I love planting flowers and can't wait to plant grass this year!

Mrs. Laurel 🌺 - I love hiking and soaking in the beautiful scenery!

Mrs. Lorie 🌻 - I love watching flowers bloom from the ground—it's the best part of spring!

Miss Emma 🌺 - I love decorating Easter eggs and rolling them down a hill—such a fun spring tradition!

Mrs. Becky 🌺 - I love planting flowers and watching them grow—it's so rewarding!

Project Learn

The main focus of power hour will be to help members complete homework and school assignments
Mon-Thurs 4:30-5:00

STEM Labs

STEM stands for Science, Technology, Engineering, and Mathematics. It's an interdisciplinary approach to learning that encourages hands-on exploration, problem-solving, and real-world applications. STEM education focuses on integrating these four disciplines in order to promote critical thinking, innovation, and collaboration. By engaging in STEM activities, individuals develop skills that are essential for success.
Tuesdays at 4:00

Enrichment

Enrichment clubs are to further enrich and broaden our members' experience by offering a variety of clubs. Clubs are to help students build skills in a variety of creative and fun activities
Mon-Thurs 3:30-4:30

Social Emotional Learning (Prevention & Behavior)

Leader In Me and SMART Moves curriculum focus on providing youth with important social-emotional skills. All Social Emotional Learning skills are taught through daily lessons and integrated throughout the rest of the program.
Mon-Wed-Thurs at 4:00

March Club & Activity Details

Message to Parents

Hey Parents!

Happy March! Spring is in the air, and we're hopping into the month with lots of exciting plans! 🌸 This month is all about fun, creativity, and learning! We've got some awesome clubs lined up that will get the kids exploring, creating, and having a blast. Whether it's experimenting with new projects, enjoying some friendly competition in games, or getting their hands messy with arts and crafts, there's something for everyone. We can't wait to see their imaginations run wild! Let's make this March full of smiles, laughter, and lots of springtime fun! 🌱

Money Madness Club 💰 - Want to discover how money works? In *Money Madness Club*, we'll learn about the functions of money—like how it's used for buying, saving, and exchanging—and explore what different types of money are worth! Through fun games and challenges, you'll get to understand how money helps us every day and how to make smart choices with it. Let's have fun and become money experts! 🎲🎉

STEM Club 🧪 - Love science and building things? In *STEM Club*, we'll do fun experiments, build cool projects, and explore how science, technology, and math work together. Get ready to create, explore, and have a blast with hands-on activities! 🚀✨

International Women's Day Club - In *International Women's Day Club*, we'll celebrate Women's History Month by learning about amazing women who've made a difference in our world! We'll also highlight some incredible women right here in our community. Get ready to be inspired, learn about their stories, and discover how we can make a positive impact, just like these trailblazing women! 💪✨

Spring into Fun Club 🌻 - Let's celebrate spring with a ton of fun activities in *Spring into Fun Club*! We'll plant seeds and learn about responsibility and patience, make colorful sand art to boost creativity, and create beautiful sun catchers to improve fine motor skills. With everything spring-themed, this club is all about getting creative, learning new skills, and enjoying the season's fresh, fun vibes! 🌱☀️
