Project Learn

(Monday-Thursday 4:15 - 4:45)

During this designated time, we focus on discussing school-related subjects, completing homework, or engaging in reading activities. Even if the children don't have assignments, we use this time to enhance their reading abilities by reading to a peer or a staff member.

STEM Labs

STEM stands for Science, Technology, Engineering, and Mathematics. It's an interdisciplinary approach to learning that encourages hands-on exploration, problem-solving, and real-world applications. STEM education focuses on integrating these four disciplines in order to promote critical thinking, innovation, and collaboration. By engaging in STEM activities, individuals develop skills that are essential for success

Enrichment

Enrichment clubs are to further enrich and broaden our members' experience by offering a variety of clubs. Clubs are to help students build skills in a variety of creative and fun activities.

Social Emotional Learning

(Prevention & Behavior)

Monday - Thursday

The Social Emotional Learning curriculum is an evidence-based program that is integrated into afterschool activities to create a positive environment throughout the program. This environment encourages students to do their best and be their best. The Leader In Me program teaches real-life concepts that help students feel good about themselves. SMART Moves, Kid-Grit if applicable]

March Club & Activity Details

Message to Parents:

Dear Parents,

I am absolutely thrilled about the upcoming month filled with exciting activities! We have an amazing lineup planned that I can't wait to share with the kids. One of the highlights will be our adventurous Leprechaun Hunt, where the children will embark on a fun-filled quest to discover hidden treasures. They'll get to search for mischievous leprechauns and, hopefully, uncover their pots of gold along the way! It promises to be an unforgettable experience filled with laughter and creativity. Get ready for a month of fun and exploration!

Warm regards, Kadence Anderson

LUCK OF THE IRISH CLUB - In honor of St. Patrick's Day, the Luck of the Irish Club will be hosting a vibrant arts and crafts event! Participants will have the opportunity to create whimsical decorations. We will provide all the necessary materials, including green and gold embellishments, paints, and glitter to inspire creativity. Join us on Monday afternoons for an event filled with fun, laughter, and an artistic celebration of Irish culture!

SLIME CLUB - Slime Club offers an exciting and imaginative experience for kids, encouraging them to unleash their creativity through hands-on activities. Participants can explore a variety of slime recipes, including fluffy slime, glitter slime, and even glow-in-the-dark options. Each child can personalize their creations by adding vibrant beads, shimmering glitter, or an assortment of sparkles, allowing their imaginations to run wild. This engaging process not only results in a wonderful sensory experience but also serves as a fantastic opportunity for children to learn new skills if they've never made slime before. They'll have the chance to experiment with different textures and colors, fostering a spirit of innovation and discovery. Slime Club is not just about play; it's about nurturing creativity and providing a platform for kids to express themselves artistically.

LEPRECHAUN CATCHERS CLUB - Join us in a thrilling adventure as we brainstorm innovative and creative strategies for capturing a mischievous leprechaun. We'll explore various techniques, from designing intricate traps adorned with glittering shamrocks to concocting enticing potions that draw in these elusive creatures. Once we've crafted our imaginative plans, we'll work together to build and bring our ideas to life, setting the stage for an unforgettable quest to actually catch a leprechaun and uncover the treasures they guard!

DODGEBALL CLUB - Dodgeball club provides an excellent opportunity for children to engage in a structured physical activity that promotes fun and camaraderie. By following established rules and emphasizing sportsmanship, the club creates an environment where kids can not only enjoy themselves but also learn valuable life skills. Participating in dodgeball helps develop teamwork and communication abilities as players strategize together, while also encouraging resilience and sportsmanship in both victories and defeats. Ultimately, this club helps children build confidence and friendships in an energetic and supportive setting.
