Project Learn

(Monday-Thursday 4:15 - 4:45)

During this designated time, we focus on discussing school-related subjects, completing homework, or engaging in reading activities. Even if the children don't have assignments, we use this time to enhance their reading abilities by reading to a peer or a staff member.

STEM Labs

STEM stands for Science, Technology, Engineering, and Mathematics. It's an interdisciplinary approach to learning that encourages hands-on exploration, problem-solving, and real-world applications. STEM education focuses on integrating these four disciplines in order to promote critical thinking, innovation, and collaboration. By engaging in STEM activities, individuals develop skills that are essential for success

Enrichment

Enrichment clubs are to further enrich and broaden our members' experience by offering a variety of clubs. Clubs are to help students build skills in a variety of creative and fun activities.

Social Emotional Learning (Prevention & Behavior)

Monday - Thursday

The Social Emotional Learning curriculum is an evidence-based program that is integrated into afterschool activities to create a positive environment throughout the program. This environment encourages students to do their best and be their best. The Leader In Me program teaches real-life concepts that help students feel good about themselves. SMART Moves, Kid-Grit if applicable]]

May Club & Activity Details

Message to Parents:

Dear Parents as the year draws to a close, I find myself filled with a bittersweet sense of nostalgia. It's hard to believe how many wonderful memories we've created together, especially with the kids. We've shared countless moments of laughter, excitement, and joy throughout the year. To make the most of our remaining time, we have planned a final couple of weeks that are bursting with fun activities. From crafting festive decorations to enjoy the holiday spirit, to hosting game nights filled with laughter, there's so much in store. I can hardly wait to embrace these last few weeks and make even more unforgettable memories together!

MAKE & TAKE CLUB 🧩 - The Make and Take Club is a wonderful club where we come together to create heartfelt crafts that we can give to our loved ones. Each session is filled with creativity and joy as we design unique gifts, ranging from handmade cards to personalized keepsakes. After crafting, we take our creations home, ready to surprise and delight our family and friends with these special tokens of affection. It's not just about making crafts; it's about sharing love and happiness through our handmade gifts.

MYSTERY CLUB 🕵️ - The Mystery Club is an engaging club designed specifically for children, where we dive into intriguing mystery projects that spark their curiosity and creativity. Each session, we explore a new mystery theme, ranging from solving fictional crimes to uncovering hidden secrets in classic tales. Kids participate in fun activities such as clue solving, puzzle challenges, and team-based investigations, all aimed at enhancing their critical thinking and problem-solving skills. Through storytelling, interactive games, and hands-on projects, the Mystery Club provides a thrilling environment for young minds to collaborate, think deeply, and ultimately unveil the mysteries before them.

CHALK CLUB - The Chalk Club is an exciting and interactive experience centered around creating vibrant, imaginative artwork on an expansive canvas. Participants are invited to unleash their creativity using colorful chalk to design unique pieces that transform the surface into a dazzling display of artistry. This collaborative environment encourages artistic expression, allowing everyone to contribute to a giant mural that evolves over time. Whether it's playful doodles, intricate designs, or bold statements, the Chalk Club offers a fun opportunity for individuals of all ages to explore their artistic talents in a dynamic and engaging setting.

WATER CLUB 💧 - The Water Club is an exciting and vibrant community where members can bask in the sun while engaging in unique and enjoyable water activities that promote a healthy lifestyle. From refreshing swimming sessions and invigorating water aerobics to relaxing yoga on paddleboards, there's something for everyone. Picture yourself lounging poolside with a refreshing drink in hand, or joining friends for friendly competitions in various water sports. This club embraces the joy of being active in a fun-filled environment, encouraging social interaction and wellness in a beautiful setting. Whether you're looking to relax or seek adventure, the Water Club promises a memorable experience under the sun!
