**BOYS & GIRLS CLUBS**  
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Our Social Emotional Learning Focus this month is

Happy  
Birthday

Jake 3  
Henry 4  
Vincent 9  
Ellie 23  
Tori 23  
Linus 31  
William 31

## UPCOMING EVENTS

Last Day of Clubs 16

## CLUB CLOSED

No Clubs 19-23

## Summer Camp with the Boys & Girls Clubs!

Summer camps will be held at  
Dixon Middle School, and  
include two separate, but  
complimentary tracks.

### Traditional Summer Camp:

Summer activities include indoor  
and outdoor games,  
arts-and-crafts, sports, and many  
more weekly activities. Each day  
is structured with intentional  
programming beginning with  
awesome summer brain gain  
enrichment programs and ending  
with more physical play!

### Specialty Summer Camps:

(For Tweens and Teens)

Catering to special interests from  
volleyball and high adventure, to  
gardening, crafting, mindfulness  
and creative writing, these  
classes give your child an  
opportunity to immerse  
themselves in learning new skills,  
honing their talents, and meeting  
like-minded friends. See [Provo  
Clubhouse - Boys & Girls  
Clubs of Utah County](#) for more  
information and to sign up.

## PARENT RESOURCES

[Parent Handbook](#)  
[Membership Handbook](#)

## Project Learn

Daily

Help with homework, math practice, early  
literacy, and puzzles/brain teasers are  
available every afternoon to challenge  
club members and encourage them to  
think in creative, new ways.

## STEM Labs

Monday, Wednesday, Friday

This month our focus is on FUN, and we  
will finish our Bacteria Culture Unit, and  
move on to chemistry experiments and  
even make slime!

## Enrichment

Daily

Our enrichment clubs include a lot of  
games and puzzles, outdoor play, crafting,  
and music! Our club members love to  
dance, and they love to create, and we will  
be doing as much of that as possible.

## May Club & Activity Details

### Message to Parents:

This last month of Afterschool Clubs before Summer Break, we are focusing as much on having fun as possible! While still being safe and maintaining our Blg 5 Agreements, we plan to spend a lot of time outdoors, learning about nature, performing science experiments, dancing, doing arts-and-crafts, and playing games. Please send your child to clubs dressed appropriately for the weather, as we will be going outside every day. Also, we will be cleaning out our cupboards and sending home any art projects or lost and found items we have collected over the year. Please remind your child to pick up anything they may be missing to avoid having their precious belongings thrown out. We are so excited to end strong, and hope to see you all back next year! Have a safe and memorable summer!

### Clubs

**Outdoor Explorers-** Finding snail shells, rocks, seeds, and nuts, and learning about them helps our club members be more aware of the environment they live in, their place in it, and how we can take care of it. It empowers kids to become environmental stewards through engaging, hands-on projects focused on sustainability and conservation.

**Origami Dojo -** Learning the ancient art of paper folding from our own Origami Sensei (Mr. Nicholas) provides members with a meditative practice that helps develop creative discipline, focus and appreciation for Japanese culture, all while having fun creating something beautiful they can share.

**Sports Club -** The Sports Club offers kids a chance to stay active and have fun by participating in a variety of sports and games. Through organized activities and friendly competition, they build teamwork, coordination, and physical fitness. The club promotes a positive, inclusive environment where kids can develop their athletic skills and enjoy the benefits of regular exercise.

**Crafty Critters -** Joining a fine arts club helps kids build essential skills. Focusing primarily on animal friends for subjects, we will explore various art forms like painting and sculpture, enhancing creativity, fine motor skills, and problem-solving.

**Lego Maniacs -** Exploring creativity and learning basic engineering skills all while feeling like play, Lego Club is a favorite with club members and leaders alike. We're very much hoping to expand our Lego collection this month, so even more creativity can blossom.
