September Club & Activity Details

Message to Parents:

Hooray for September! This is such a fun time of year as we transition from summer to fall. The change of seasons is always something to look forward to: cooler weather, pumpkins and afterschool fun! Ms. Halli will continue to reinforce Social Emotional Learning Skills with an emphasis on developing kids' positive Self Concept and coping with big emotions. There will be messy, hands on fun in Ms. Kirsti's STEM activities, and academic engagement (disguised as fun!) with Ms. Goody. Friday specials that got rolling in August will wrap up in September. There will be many opportunities for kids to share what they have been learning and creating in these 'specials' classes. It is always amazing to see what kids are capable of-can't wait to share!

Special 2/5: Art Exploration: I'm An Artist, Too!

Fridays 2:55-4:00

Ms. Goody

August 22-September 26

Students will explore the world through the eyes of famous artists — and then make it their own! Each week, we'll "step into the shoes" of a different artist, learning about their unique style, colors, and techniques. From bold Van Gogh swirls to the playful shapes of Matisse, students will experiment with school-appropriate projects inspired by art history's most creative minds. By blending what they've learned with their own imagination, they'll create one-of-a-kind masterpieces that are both personal and inspired by the greats. It's part history, part creativity, and all fun!

Special K/1: Fur, Feathers & Fins-Animal Adventure!

Fridays 2:55-4:00

Ms. Kirsti

August 22-September 26

Welcome to the Animal Adventures Club! We will be exploring a new animal each week. Our first six weeks will begin with our flying, feathered friends. A learning activity will be paired with a craft to balance research with entertainment. From the shivering penguins in Antarctica to the sweltering Camels of the Sahara. Come along as the students study the wonderful animals around the world.

Special 2/5: My Favorite Place-Interior Design for Kids

Fridays 2:55-4:00

Ms. Halli

August 22-September 26

Welcome to My Favorite Place! Students will step into the world of creativity as they design and build their very own miniature dream room diorama! Over six weeks, they'll learn about color, layout, furniture design, and décor, all while exploring their own unique style. Each week brings a new hands-on project! From painting walls and creating tiny furniture to adding the perfect finishing touches like rugs, plants, and artwork. By the end, students will proudly showcase their completed 3D rooms in a fun gallery walk. This club is all about imagination, problem-solving, and making design dreams come to life one tiny piece at a time!
