PARENT RESOURCES

[Parent Handbook](#)
[Membership Handbook](#)

Project Learn

Monday & Wednesday
K/1 & 4/5 : 4:00-4:30
Tuesday & Thursday
2/3 : 4:00-4:30

Students will have the opportunity to log Lexia and reading hours, in addition to working on homework, class projects, and assignments (as assigned by school day teachers). Students will also engage in math and reading through grade appropriate games, projects, and activities

STEM Labs

Monday & Wednesday
2/3: 4:15-4:45
K/1 & 4/5: 4:15-4:45
Tuesday & Thursday
K/1 & 4/5 : 4:15-4:45
2/3: 4:15-4:45

Students will engage in hands-on, fun, age appropriate AmeriCorps STEM labs. This includes Science, Technology, Engineering, and Math.

Specials & Enrichment

See Detailed Description Below

Monday & Wednesday
K/1 & 4/5 Afterschool Fun Activities 4:45-5:15
2/3: Afterschool Fun Activities 4:45-5:15
Tuesday & Thursday
K/1 & 4/5: Afterschool Fun Activities 4:45-5:15
Fridays
K/5: Friday Specials: My Favorite Place: Interior Design for Kids, I'm An Artist, Too!-Artist Exploration Fur, Feathers & Fins: Animal Adventures 2:00-3:00
These activities are age appropriate, tactile, and fun. They promote learning in a playful way, that encourages students to try new things, and encourages team building along the way

Social Emotional Learning (Prevention & Behavior)

Positive Action

Monday & Wednesday-Positive Action
K/1 & 4/5: 3:45-4:15
Tuesday & Thursday-Positive Action
2/3: 3:45-4:15

This time will be centered around learning ways to develop our sense of self, how we can better ourselves and improve our relationships with those around us

August Specials & Activity Details

Message to Parents:

Welcome to Afterschool!

We are so excited to start another year with friends we've known for a while and friends we've just met. Our afterschool teachers will be spending time getting to know kids and letting them get to know each other. Teachers have lots of fun activities planned to keep afterschool the coolest place to be in August! Starting on Fridays, afterschool students will be able to choose from 3 different 'specials'. These are themed based classes that build skills and understanding through fun, hands-on learning and exploration. We're so excited to get started! Thank you for sharing your children with us. We can't wait to get to know them better and to watch them learn and grow.

Special: Art Exploration: I'm An Artist, Too!

Fridays 2:55-4:00

Ms. Goody

August 22-September 26

Students will explore the world through the eyes of famous artists — and then make it their own! Each week, we'll "step into the shoes" of a different artist, learning about their unique style, colors, and techniques. From bold Van Gogh swirls to the playful shapes of Matisse, students will experiment with school-appropriate projects inspired by art history's most creative minds. By blending what they've learned with their own imagination, they'll create one-of-a-kind masterpieces that are both personal and inspired by the greats. It's part history, part creativity, and all fun!

Special: Fur, Feathers & Fins-Animal Adventure!

Fridays 2:55-4:00

Ms. Kirsti

August 22-September 26

Welcome to the Animal Adventures Club! We will be exploring a new animal each week. Our first six weeks will begin with our flying, feathered friends. A learning activity will be paired with a craft to balance research with entertainment. From the shivering penguins in Antarctica to the sweltering Camels of the Sahara. Come along as the students study the wonderful animals around the world.

August Specials & Activity Details-Cont.

Special: My Favorite Place-Interior Design for Kids

Fridays 2:55-4:00

Ms. Halli

August 22-September 26

Welcome to My Favorite Place! Students will step into the world of creativity as they design and build their very own miniature dream room diorama! Over six weeks, they'll learn about color, layout, furniture design, and décor, all while exploring their own unique style. Each week brings a new hands-on project! From painting walls and creating tiny furniture to adding the perfect finishing touches like rugs, plants, and artwork. By the end, students will proudly showcase their completed 3D rooms in a fun gallery walk. This club is all about imagination, problem-solving, and making design dreams come to life one tiny piece at a time!
