CLUB CLOSED

Juneteenth - 6/19

Get To Know ALISHA

My name is Alisha Laidlaw, and I'm the AM Site Director here at the Clubhouse! I love creating fun, engaging experiences where kids can learn, grow, and feel supported. I have a background in theatre and education, and I especially enjoy helping kids build confidence and creativity through clubs and activities. Outside of work, I love musicals, reading, and spending time with my family!

Academic Support

Monday - Friday @ 3:15

This summer we will be incorporating a BGCA program known as "Summer Brain Gain" Our club members will learn about animals, insects, world cultures, and so much more!

STEM

Monday - Friday

We have a variety of clubs that are STEM focused. Take a look at the activity details for more information!

Morning Clubs / Enrichment

Monday - Thursday

Our morning clubs are opportunities you don't want to miss! We have a variety of opportunities for club members to learn skills while having loads of fun along the way!

Take a look at the club options that are listed below.

Social Emotional Learning (Prevention & Behavior)

Monday - Friday

Social Emotional Learning is a staple for us at Boys and Girls Club. We will be incorporating different topics each day into our regular scheduled activities as part of "Positive Action"

June Club & Activity Details

Message to Parents:

We are so excited to kick off our Summer Program and cannot wait to spend the summer with your kids! Our staff has been hard at work planning fun activities, exciting clubs, games, field trips, and memorable experiences for all of our members.

Thank you for trusting us to be a part of your child's summer. We are looking forward to a season full of learning, laughter, friendships, and fun!

We can't wait to get started!

Morning Clubs:

Soccer

Soccer Club is designed to introduce and develop players of all skill levels to the fundamentals of the game. Participants will practice dribbling, passing, shooting, and teamwork through engaging drills, fun skill-building games, and friendly scrimmages. Emphasis is placed on sportsmanship, confidence, and physical fitness in a positive, inclusive environment. Special guests, professional and college soccer players, will visit to share their experiences, offer tips, and inspire students. Whether your child is new to soccer or looking to improve their skills, this club provides a fun, motivating, and memorable way to enjoy the game with peers.

Group 1 Grades: K-2	Day: Mondays & Wednesdays	Session Time: 9:00 am - 10:00 am	Limit: 15
Group 2 Grades: 3-4	Day: Mondays & Wednesdays	Session Time: 10:00 am - 11:00 am	Limit: 15
Group 3 Grades: 5-6	Day: Mondays & Wednesdays	Session Time: 11:00 am - 12:00 pm	Limit: 15

Broadway Stars

Step into the spotlight in Broadway Stars! Kids will sing, dance, and act their way through classic Broadway musical numbers while building confidence and stage skills. They will receive instruction in vocal performance and choreography as they join in the spotlight! At the end of the session, they'll shine in a special showcase performance for family and friends! If you have a young student interested in theatre, dance, or voice, this is the perfect club for them!

Grades: 3-4	Day: Mondays & Wednesdays	Time: 9:00 am - 10:00 am	Limit: 15
--------------------	----------------------------------	---------------------------------	------------------

Karate

Karate Club is a fun and active class where students learn the basics of martial arts in a safe and supportive environment. Students will practice beginner karate techniques such as punches, kicks, blocks, and simple forms while also building coordination, focus, and confidence. Along the way, we emphasize important values like respect, self-control, perseverance, and discipline. Through games, drills, and partner practice, students will improve their physical fitness while learning skills that help them stay calm, focused, and confident both in and out of the dojo.

Sewing

Sewing & Design Club introduces students to the fundamentals of hand sewing and creative design in a fun, hands-on environment. Participants will learn basic techniques while creating their own projects, including a wheat bag, pillowcase, apron, pajama pants, scarf, reversible bag, and a stuffed animal or pillow. The club encourages creativity, patience, and fine motor skill development, while fostering confidence and pride in completing personal, tangible creations. Each session combines skill-building with guided projects, culminating in a showcase of students' finished work to celebrate their achievements.

Group 1 Grades: 5-6

Day: Mondays & Wednesdays

Time: 9:00 am - 10:00 am

Limit: 15

Group 2 Grades: 5-6

Day: Tuesdays & Thursdays

Time: 9:00 am - 10:00 am

Limit: 15

Inventor's Club | Teacher Name

Put on your thinking caps and get ready to build! In Little Engineers, students will explore how things work by creating hands-on projects! Your little scientist will learn problem-solving, teamwork, and design skills in a fun, playful environment. This club is perfect for curious learners who love to tinker, experiment, and figure out how the world works! At the end of the semester, students will put on a special display showing off their creative scientific projects!

Group 1 Grades: K-2

Day: Mondays & Wednesdays

Time: 9:00am - 10:00 am

Limit: 15

Group 2 Grades: K-2

Day: Tuesdays & Thursdays

Time: 9:00am - 10:00 am

Limit: 15

Dance it Up (Clubhouse Dance Crew)

So, you love to dance? In the Dance It Up club, learn the basics of warming up and taking care of your body, choreographing and creating dance pieces, and knowing how to own it on the stage! Our younger classes will focus on Line Dancing and moving your body to a fun pop medley! Our older Dance Company and Dance Crew will learn 3 different dances and styles to perform and showcase at the end of the month.

Music & Dance: Grades: K-2

Day: Tuesdays & Thursdays

Time: 9:00 am - 10:00 am

Limit: 15

Junior Dance Crew: Grades: 3-4

Day: Tuesdays & Thursdays

Time: 10:00 am - 11:00 am

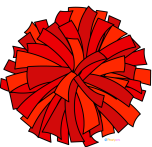

Limit: 15

Dance Company: Grades: 5-6

Day: Tuesdays & Thursdays

Time: 11:00 am - 12:00 pm

Limit: 15

Cheer Team

Cheer Club is designed to teach students the fundamentals of cheerleading while building confidence, teamwork, and spirit. Students will learn basic cheers, chants, motions, and simple routines, combining energetic movement with rhythm and coordination. Each session focuses on skill development, group collaboration, and positive encouragement in a fun and supportive environment. The club concludes with a performance, giving students the opportunity to showcase their routines and celebrate their hard work and creativity.

Grades: 3-4

Day: Mondays & Wednesdays

Time: 11:00 am - 12:00 pm

Limit: 15

Art Studio

Art Studio Club provides students with the opportunity to explore a variety of artistic techniques and media in a creative, hands-on environment. Students will experiment with drawing, painting, sculpture, and mixed-media projects while developing their skills in color, composition, and self-expression. Each session encourages creativity, problem-solving, and artistic confidence, allowing students to bring their ideas to life. The club culminates with an exhibition of student artwork, giving participants the chance to celebrate and share their creations.

Grades: 3-4

Day: Mondays & Wednesdays

Time: 9:00 am - 10:00 am

Limit: 15

Lego Robotics

Build, code, and bring your creations to life! In LEGO Robotics Club, students will use LEGO kits to design robots, learn basic programming, and tackle exciting challenges. They'll experiment with sensors, gears, and problem-solving strategies as they work together to make their robots move, react, and compete. This club is perfect for kids who love building, technology, and hands-on STEM adventures.

Group 1 Grades: 3-4	Day: Mondays & Wednesdays	Time: 10:00 am - 11:00 am	Limit: 15
Group 2 Grades: 5-6	Day: Mondays & Wednesdays	Time: 11:00 am - 12:00 pm	Limit: 15
Group 3 Grades: 3-4	Day: Tuesdays & Thursdays	Time: 10:00 am - 11:00 am	Limit: 15
Group 4 Grades: 5-6	Day: Tuesdays & Thursdays	Time: 11:00 am - 12:00 pm	Limit: 15

Cooking Club

Cooking Club is a fun, hands-on class where students learn basic cooking and kitchen skills while making delicious dishes. Students will practice measuring, mixing, following recipes, and working safely in the kitchen. Each week they will help prepare simple recipes while learning about teamwork, creativity, and trying new foods. Cooking Club helps students build confidence, responsibility, and independence while having fun making and sharing their creations.

Group 1 Grades: 5-6	Day: Mondays & Wednesdays	Time: 9:00 am - 10:00 am	Limit: 15
Group 2 Grades: 5-6	Day: Tuesdays & Thursdays	Time: 9:00 am - 10:00 am	Limit: 15

Chess Masters

Sharpen your mind and learn the game of strategy! In Chess Masters, students will learn the fundamentals of chess including how each piece moves, basic strategies, and how to think several moves ahead. Through puzzles, mini-lessons, and friendly matches, students will strengthen their critical thinking, patience, and problem-solving skills. Whether they are brand new to chess or already know the basics, this club is a fun way to challenge the mind and make new friends!

Group 1 Grades: 3-4	Day: Mondays & Wednesdays	Time: 9:00 am - 10:00 am	Limit: 15
Group 2 Grades: 5-6	Day: Mondays & Wednesdays	Time: 11:00 am - 12:00 pm	Limit: 15

Pottery & Clay Creations

Get your hands messy and your creativity flowing! In Pottery & Clay Creations, students will explore the art of working with clay as they learn basic pottery and sculpting techniques. They will shape, mold, carve, and decorate their own unique creations such as bowls, animals, mini sculptures, and decorative pieces. Along the way, students will build patience, creativity, and artistic confidence while bringing their ideas to life. By the end of the session, students will have a collection of handmade clay projects to take home and share with their families!

Group 1 Grades: 5-6	Day: Mondays & Wednesdays	Time: 10:00 am - 11:00 am	Limit: 15
Group 2 Grades: 3-4	Day: Mondays & Wednesdays	Time: 11:00 am - 12:00 pm	Limit: 15

Pickleball

Get ready to serve, rally, and have a blast! In Pickleball Club, students will learn the basics of one of the fastest-growing sports in the country. Players will practice skills like serving, volleying, positioning, and teamwork while playing fun drills and friendly matches. Pickleball is easy to learn and exciting to play, making it perfect for beginners and experienced players alike. Students will stay active, build coordination, and develop good sportsmanship while enjoying this fast-paced and fun game!

Group 1 Grades: 3-4	Day: Tuesdays & Thursdays	Time: 9:00 am - 10:00 am	Limit: 15
Group 2 Grades: 5-6	Day: Tuesdays & Thursdays	Time: 10:00 am - 11:00 am	Limit: 15

3-D Printing & Design

Students will learn how to design, model, and create their own 3D objects using beginner-friendly digital design software. From toys and keychains to custom creations, students will explore problem-solving, creativity, and design thinking while turning their ideas into real, three-dimensional projects. By the end of the session, students will take home their own 3D-printed creations and the confidence to keep designing!

Group 1 Grades: 5-6 **Day:** Mondays & Wednesdays **Time:** 10:00 am - 11:00 am **Limit:** 15
Group 2 Grades: 5-6 **Day:** Tuesdays & Thursdays **Time:** 10:00 am - 11:00 am **Limit:** 15

Young Artist Studio

Let your creativity come to life! In Young Artists Studio, students will explore a variety of art techniques including drawing, painting, and mixed media while learning the fundamentals of color, shading, and design. Each week, they will create unique, high-quality art projects using different materials and styles, helping them discover their own artistic voice. This class focuses on building real artistic skills in a fun and supportive environment. By the end of the session, students will have a collection of artwork they can proudly take home and share!

Group 1 Grades: K-2 **Day:** Mondays & Wednesdays **Time:** 10:00 am - 11:00 am **Limit:** 15
Group 2 Grades: K-2 **Day:** Tuesdays & Thursdays **Time:** 10:00 am - 11:00 am **Limit:** 15

Insect Explorers

Get ready to discover the tiny world all around you! In Insect Explorers Lab, students will explore the fascinating world of insects and other small creatures through hands-on activities, outdoor exploration, and close-up observation. They'll learn how to identify different insects, understand their life cycles, and discover the important role they play in our environment. Students will safely observe real bugs, create simple habitats, and keep a bug journal to track their discoveries. This club is perfect for curious learners who love science, nature, and hands-on adventures!

Group 1 Grades: K-2 **Day:** Mondays & Wednesdays **Time:** 11:00 am - 12:00 pm **Limit:** 15
Group 2 Grades: K-2 **Day:** Tuesdays & Thursdays **Time:** 11:00 am - 12:00 pm **Limit:** 15

Dressup Theatre

Let your child's imagination take center stage in Dress-Up Theatre Camp! Students will dive into a world of creativity, costumes, and storytelling as they transform into pirates, princesses, superheroes, animals, and more. Each day features a new theme filled with fun drama games, dress-up play, and guided storytelling that helps build confidence, teamwork, and self-expression, no memorization required. Perfect for all experience levels, this camp creates a supportive, playful environment where every child can shine, culminating in a fun, low-pressure mini showcase at the end of the week.

Grades: K-2 **Day:** Mondays & Wednesdays **Time:** 10:00 am - 11:00 am **Limit:** 15

Little Detectives

Put on your detective hat and get ready to solve the case! In Little Detectives Camp, students will become junior investigators as they search for clues, solve mysteries, and complete fun challenges each day. Through interactive games, scavenger hunts, and imaginative role-play, students will practice problem-solving, teamwork, and critical thinking in an exciting, hands-on way. With costumes, secret missions, and plenty of surprises, this camp keeps kids engaged while building confidence and curiosity!

Grades: K-2 **Day:** Mondays & Wednesdays **Time:** 11:00 am - 12:00 pm **Limit:** 15

Photography

Capture the world through a new lens! In Photography Club, students will learn the basics of photography while exploring their creativity and unique perspective. Using phones or cameras, students will practice skills like composition, lighting, angles, and storytelling through photos. Each day includes fun challenges, helping students build both technical skills and artistic confidence. They'll also learn simple editing techniques and how to thoughtfully present their work. The month ends with a mini photo showcase, where students can display their favorite shots and celebrate their growth as photographers!

Grades: 5-6 **Day:** Tuesdays & Thursdays **Time:** 9:00 am - 10:00 am **Limit:** 15

Puppet Studio

Puppet Studio Club lets young students bring stories to life through hands-on puppetry! Students will create their own puppets, explore simple movement and performance techniques, and use their imagination to tell fun, creative stories. Each session combines crafting, play, and teamwork, helping children build confidence, creativity, and collaboration skills. The week concludes with a lively puppet performance where students can share their creations with friends and family.

Grades: K-2 **Day:** Tuesdays & Thursdays **Time:** 10:00 am - 11:00 am **Limit:** 15

Volleyball

Get ready to serve, pass, and become a pro! In Volleyball Club, students will learn the fundamentals of the game in a supportive and energetic environment. Students will practice basic skills like serving, passing, setting, and teamwork through engaging drills and fun mini-games designed just for their age group. Whether your child is brand new to volleyball or looking to improve, this club focuses on building confidence, coordination, and sportsmanship while keeping the experience positive and encouraging. Each day includes skill-building and gameplay, leading up to matches at the end of each week!

Grades: 3-4 **Day:** Tuesdays & Thursdays **Time:** 11:00 am - 12:00 pm **Limit:** 15

Little Rockstars

Let your child explore the magic of music! Students will sing, dance, play new instruments, and even make their own drums and percussion tools. Each day is a hands-on adventure in rhythm, melody, and movement, giving kids a chance to express themselves, build confidence, and discover the joy of making music together. From creating beats to performing silly songs and lively dances, students will have a blast while developing coordination, creativity, and teamwork, all culminating in a fun mini performance for friends and family!

Grades: K-2 **Day:** Tuesdays & Thursdays **Time:** 11:00 am - 12:00 pm **Limit:** 15

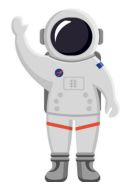

Group Voice

Group Voice Club provides students with the opportunity to develop vocal skills and confidence through guided group singing. Participants will learn foundational techniques in pitch, rhythm, and expression while performing a diverse repertoire of songs in a supportive and collaborative environment. Each session incorporates structured vocal exercises, ensemble work, and opportunities for creative musical expression. The program culminates in a polished performance, allowing students to showcase their growth and teamwork.

Grades: 3-4 **Day:** Tuesdays & Thursdays **Time:** 11:00 am - 12:00 pm **Limit:** 15

Space Explorers

Blast off into a universe of discovery! In Space Explorers Club, young scientists will embark on hands-on missions to learn about planets, stars, rockets, and astronauts. Students will build mini rockets, explore “moon rocks,” create space-themed crafts, and participate in fun experiments that teach basic science concepts. Each session encourages curiosity, teamwork, and creative problem-solving, giving children the chance to imagine, explore, and celebrate the wonders of outer space.

Grades: K-2 **Day:** Tuesdays & Thursdays **Time:** 10:00 am - 11:00 am **Limit:** 15

Minecraft Creators

Minecraft Creators Club lets young builders explore their imagination through hands-on construction and creative problem-solving. Students will design and build their own worlds using blocks, LEGOs, and craft materials inspired by the popular game, while learning teamwork, planning, and basic engineering concepts. Each session encourages creativity, collaboration, and storytelling, giving children the chance to bring their ideas to life. By the end of the week, students will showcase their unique creations in a fun, celebratory gallery of worlds!

Grades: K-2 **Day:** Tuesdays & Thursdays **Time:** 11:00 am - 12:00 pm **Limit:** 15

Afternoon Programming:

Our PM Traditional Programming is designed to give members an exciting, engaging, and enriching afternoon experience each day during the summer. Members will participate in age-appropriate clubs that focus on creativity, leadership, teamwork, wellness, STEM learning, physical activity, and social-emotional growth. Each club is designed to help youth build friendships, discover new interests, and create lasting summer memories in a fun and supportive environment.

Kindergarten – 2nd Grade Clubs:

- **SEL Bluey Club** - Members will learn important social-emotional skills like kindness, teamwork, emotions, and problem-solving through games, crafts, and activities inspired by Bluey.
- **Upcycling** - Kids will turn everyday recycled materials into creative art projects and inventions while learning about sustainability and caring for the environment.
- **Music Makers** - A fun-filled club where members explore rhythm, instruments, singing, movement, and musical creativity.
- **Power of Play** - This high-energy club focuses on imagination, teamwork, and active games that encourage creativity and positive social interaction.
- **Little Lifesavers** - Members will learn basic first aid, safety skills, emergency response basics, and ways to help others through interactive activities and games.
- **Basketball Basics** - Youth will build basketball fundamentals including dribbling, passing, shooting, teamwork, and sportsmanship.
- **STEM** - Hands-on science, technology, engineering, and math activities that encourage curiosity, experimentation, and problem-solving.

3rd – 4th Grade Clubs:

- **STEM** - Members will participate in exciting experiments, engineering challenges, coding activities, and hands-on STEM projects.

www.facebook.com/bgcutah

www.instagram.com/bgcutah

Utah State Board of Education

Youth for Unity - A leadership and inclusion club that encourages kindness, teamwork, respect, and creating a positive community for everyone.

- **Basketball Basics** - Members will strengthen basketball fundamentals, teamwork, game strategy, and confidence on the court.
- **Teamwork Makes the Dream Work** - This club focuses on communication, collaboration, problem-solving, and team-building challenges.
- **D&D** - Members will use creativity, storytelling, teamwork, and imagination while participating in kid-friendly role-playing adventures.
- **Secret Spy Club** - Youth will solve mysteries, complete missions, crack codes, and participate in exciting spy-themed challenges and activities.
- **“Club” Scouts** - Inspired by scouting-style adventures, members will learn outdoor skills, teamwork, leadership, preparedness, and complete fun challenges and badges.
- **Be the Change** - A service-learning club where members work on projects that promote kindness, leadership, community involvement, and positive change.
- **Music Makers** - Members explore music through rhythm games, instruments, songwriting, movement, and performance activities.
- **Triple Play** - A wellness-focused club that promotes healthy lifestyles through fitness, nutrition, teamwork, and recreational games.
- **Yoga & Meditation** - Members will practice mindfulness, breathing techniques, stretching, relaxation, and beginner yoga skills.
- **Yarnigans** - A creative fiber arts club where members learn beginner skills like weaving, finger knitting, yarn crafts, and simple sewing projects.
- **Cardboard Creations** - Youth will use imagination and engineering skills to build creative structures, games, inventions, and art projects using cardboard.
- **Kid Business** - Members will learn entrepreneurship basics including budgeting, marketing, teamwork, product creation, and running mini-business activities.
- **Anatomy Academy** - A hands-on science club where youth explore the human body, health, organs, and medical-themed experiments and activities.

5th – 6th Grade Clubs:

- **Torch Club** - A leadership and service club that empowers members to give back to their community, develop leadership skills, and plan meaningful projects.
- **Podcast Club** - Members will learn podcasting basics including storytelling, interviewing, recording, editing, and creating their own episodes.
- **STEM** - Youth will engage in advanced STEM challenges involving engineering, science experiments, coding, robotics, and innovation.
- **Survivor Club** - Inspired by survival-style competitions, members will participate in team challenges, problem-solving activities, outdoor skills, and strategy games.
- **D&D** - Members will use creativity, storytelling, teamwork, and imagination while participating in kid-friendly role-playing adventures.
- **Secret Spy Club** - Youth will solve mysteries, complete missions, crack codes, and participate in exciting spy-themed challenges and activities.
- **“Club” Scouts** - Inspired by scouting-style adventures, members will learn outdoor skills, teamwork, leadership, preparedness, and complete fun challenges and badges.
- **AI & Coding Adventures** - Members will explore coding, artificial intelligence, digital creativity, and technology through beginner-friendly projects and activities.
- **Cardboard Creations** - Youth will use imagination and engineering skills to build creative structures, games, inventions, and art projects using cardboard.
- **Kid Business** - Members will learn entrepreneurship basics including budgeting, marketing, teamwork, product creation, and running mini-business activities.
- **Anatomy Academy** - A hands-on science club where youth explore the human body, health, organs, and medical-themed experiments and activities.
