## **Academic Support**

We offer academic support specialty classes daily (M - Th) in both Math and Literacy. Ms. Sienna, whom your kids may know from Miss Beka and Miss Katherine's class during the school year, will be working with small groups to help your kids sharpen skills and retain what they have learned, in a fun, low pressure environment.

## **STEM**

*Science Lab M/W 9:00 - 10:00*  
*Build it Better Engineering T/Th 9:00 - 10:00*  
*Lego Robotics T/Th 10:00 - 11:00*  
*Stop Motion Animation M/W 11:00 - 12:00*

This summer we have several STEM based classes for kids who love to know how things work and want to explore their world in a hands-on way.

## **Morning Clubs / Enrichment**

We run a variety of clubs from art and puppet making, to gardening and cake

## Walden Elementary Summer Program 2026

# June Club & Activity Details

### Message to Parents:

We have SO MANY amazing options to keep your kids engaged, learning and entertained this summer! Let them shine in theater camp, keep reading skills sharp in academic support camp, and learn to frost like a Food Network Pro in cake decorating! There is something for everyone to love in our Boys & Girls Club Summer Program.

**\*All classes offered contingent on reaching minimum registrations.**

### Morning Clubs:

**Science Lab | Science Lab Camp** lets students explore chemistry, physics, and biology through fun, hands-on experiments while building curiosity and thinking like real scientists.

**Soccer Club | Soccer Club** helps students build skills like dribbling, passing, and shooting through fun drills, teamwork, and games while staying active and gaining confidence on the field.

**Young Artist Studio | Young Artists Studio** helps students build real art skills through drawing, painting, and mixed media while exploring creativity and creating projects they're proud to share.

**Build it Better Engineering | Build It Better** lets students explore simple machines and solve real-world challenges through hands-on building projects that develop creativity, teamwork, and problem-solving skills.

**Cake Decorating | Cake Decorating Camp** lets students learn frosting and piping techniques to create colorful edible treats while building creativity and confidence.

**Garden Explorers | Garden Explorers Camp** lets students plant, grow, and care for gardens while exploring nature and learning what plants need to thrive.

**Lego Club | LEGO Robotics Club** lets students design and program robots using LEGO kits while building problem-solving and teamwork skills through hands-on STEM challenges.

**Book Club | Book Club** helps students build a love of reading by exploring stories, discussing them, and taking part in creative activities that bring books to life.

CHILD CARE

**Stop Motion Animation | Stop Motion Animation Club lets students create characters and stories while learning to film and edit their own stop-motion animations.**

**Sewing | Sewing Club teaches students foundational sewing skills as they create fun, hands-on projects like pillows, scrunchies, and clothing items using a sewing machine.**

**Theater | Theater Club helps students build confidence and creativity as they learn acting, storytelling, and performance skills while creating scenes and short plays together.**

**Puppet Theater | Puppet Theater Camp lets students design puppets, explore storytelling and performance, and bring characters to life through creative puppet shows.**

**Academic Support Literacy | Literacy Support Camp helps students build reading and writing skills through engaging activities that strengthen comprehension, vocabulary, fluency, and confidence.**

**Academic Support Math | Retain knowledge and sharpen math skills with fun games, activities and practice. Return to school next year as a math wizard!**
