BOYS & GIRLS CLUBS
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Happy
Birthday!

Austin-5

UPCOMING EVENTS

Find our table at Cherry Hill parent night on August 18th.

CLUB CLOSED

Meet the Site Coordinator

My name is Natalia Patrone. I am originally from Mar del Plata, Argentina, and moved to Utah 29 years ago. I have worked for the Boys & Girls Clubs for 1.5 years. In my free time, I love spending time with my husband and two children< soccer, visiting museums, reading historical fiction, and exploring historical places. I am very excited about this coming year and hope that students will have a fun time during the club!

August Club & Activity Details

Message to Parents

Welcome to a new year of the Boys and Girls Club at Cherry Hill Elementary! We are very excited to have your children in our program.

This year, we have a special incentive: if your child attends 105 days of club throughout the year, they will earn a fun, special activity at the end of the school year. We encourage you to bring your children as often as possible so they don't miss out on any of our fun and educational activities.

Please also take a moment to read the parent handbook so you are familiar with our expectations. If you have any concerns, please feel free to reach out to me directly. I believe that a strong partnership between parents, school, and the club is the best way to ensure student success.

Social Emotional Learning:

Positive Action - Social Emotional Learning curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment

throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves. This program is run on Mondays and Wednesdays with new topics each week.

8/24 unit 1 lesson 1: Beginning a space-age journey...to you!

8/26 Unit 1 lesson 2: What to do and what not to do.

8/31 Unit 1 lesson 3: Feeling good about who you are.

SMART Moves - Is a BGCA Social Emotional Learning curriculum that is evidence based with focuses on building positive relationships, decision-making/critical thinking skills, learning how to avoid/resist harmful substances/circumstances, and bullying prevention. This program is run on Fridays with new topics each week.

8/28: Building group agreements.

Academic Support:

Power Hour - The main focus of power hour will be to help youth complete homework assignments, work on Hyla activities and also participate in our reading program. Our goal is to help youth reduce missing assignments by aligning with school day teachers and completing daily assignments at programs to allow family time at home.

CLUBS:

STEM Labs - On Tuesdays and Thursdays, students participate in "YES" lessons. Through these sessions, club members explore various hands-on projects involving scientific discovery, technological innovation, engineering challenges, and mathematical concepts.

Cardboard Engineering Club - Students will have the opportunity to use their ingenuity to design and create structures using cardboard and other simple materials. This hands-on club encourages creativity and problem-solving, and students will have the chance to showcase their unique creations to their peers.

Art Around the World Club - Each week, students will explore a different country, learning about its culture, history, art, cuisine, and unique fun facts. Based on these insights, students will design and create original art pieces, providing them the opportunity to showcase their work to their peers.
