**BOYS & GIRLS CLUBS**  
OF UTAH COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

**Happy Birthday!**

**Elizabeth - 24th**

## UPCOMING EVENTS

24th - First Day of Clubs!  
28th - Fire Drill

## CLUB CLOSED

No Closures this Month!

## Get To Know

Meet Aimsley! She is a nursing student who loves working with kids and creating a fun, positive environment for them. She has grown up around the Boys and Girls Club and has a big love for the organization and the people in it! Outside of work and school, she enjoys spending time with her husband, being outdoors, and hanging out with her dog. Aimsley is excited to be part of the team and looks forward to getting to know everyone!

## PARENT RESOURCES

[Parent Handbook](#)  
[Membership Handbook](#)

## Project Learn

*Tuesday/Thursday*

Power Hour helps students complete homework, strengthen reading and math skills, and participate in engaging learning activities. Our goal is to support academic success while reducing missing assignments and giving families more quality time together at home.

## STEM Labs

*Tuesday/Thursday*

Students explore science, technology, engineering, and math through hands-on activities that build creativity, critical thinking, and problem-solving skills. Using the YES curriculum, our AmeriCorps member leads fun and engaging STEM lessons.

## Social Emotional Learning (Prevention & Behavior)

*Monday/Wednesday/Friday*

Positive Action is an evidence-based program that helps create a positive and encouraging environment for students. Through engaging activities, students learn real-life skills that build confidence and encourage them to be their best.

## August Club & Activity Details

### Message to Parents:

Welcome back! We are excited to kick off another fun and exciting school year at the Boys & Girls Club. We look forward to providing a safe, supportive, and engaging place where your child can learn, grow, and make new friends. Be sure to check our newsletter each month for important updates, upcoming events, and program highlights. Thank you for being part of our Club family—we can't wait for a great year together!

**Positive Action-** The Positive Action curriculum is an evidence based program that is integrated in afterschool activities to build a positive environment throughout the program -- an environment that encourages students to do their best and be their best. Positive Action teaches real-life concepts that help students feel good about themselves.

**Power Hour** - The primary focus of Power Hour is to support our youth in completing their homework, engaging in High Yield Learning Activities (HYLAs), and participating in our reading and math programs. Our goal is to reduce missing assignments by collaborating with school-day teachers and ensuring that students complete their daily tasks during our program, allowing for more quality family time at home. For students without homework, we offer a variety of HYLAs, along with our reading and math programs, to further enhance their overall knowledge and skills in these important subjects.

**STEM** - Students participate in hands-on science, technology, engineering, and math activities that encourage creativity, critical thinking, and problem-solving through fun and engaging lessons. Our AmeriCorps member leads STEM activities using the YES curriculum to provide interactive and engaging learning experiences.
