Oct 22nd & 23rd
Oct 30th

Get To Know

Get to know Melissa Thayn. I am the YDP at Castle Heights Elementary after school program. I am so excited to work with the kids not only to teach them new skills, but to also make fun and exciting memories with them. I have a love for cooking and being in the kitchen with my family, I enjoy hiking and reading. I am looking forward to finishing this school year with the kids and staff of the boys and girls club.

PARENT RESOURCES

[Parent Handbook](#)
[Membership Handbook](#)

Project Learn

At the beginning of the program each day we will be doing project learn/ homework help. If you would like your student to work on something specific please reach out to let us know.

STEM Labs

Each month the students will learn about Science, Technology, Engineering, and Math through our IEI STEM lessons. Each lesson is disguised in a fun and exciting activity. This month we will be continuing learning about submersibles.

Enrichment

This month we will be working on getting to know the students through art projects as well as science projects. Each student will have the opportunity to create and showcase their project. This will allow the students to tell us a little more about themselves without feeling overwhelmed.

Social Emotional Learning (Prevention & Behavior)

This month we will be working on Kindness and Belonging. With the program reopening our goal is to help everyone feel welcome and feel like they belong. By working with the students to teach this it will help set a positive and inclusive environment for our program.

October Club & Activity Details

Message to Parents:

We will be having a family night for the after school program on October 29th. All family members are welcome, there will be games, prizes and snacks. We look forward to seeing everyone. If your child(ren) would like to wear their costume they are welcome to.
