BOYS & GIRLS CLUBS
OF CARBON COUNTY

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Get To Know

Hi everyone! My name is Kati, and I am 23 years old and a proud mom to a wonderful daughter. In addition to my role here at the Club, I also work as a paraprofessional for another elementary school. I truly love working with children and helping them discover new interests, build confidence, and grow into their best selves. When I'm not working, I'm always spending time with family, listening to a good audiobook, or doing both while folding laundry. Thank you for allowing me to be apart of your children's journey. I am so excited to spend this year encouraging, learning alongside, and making great memories with the amazing kids at the Boys & Girls Club!

PARENT RESOURCES

[Parent Handbook](#)
[Membership Handbook](#)

Project Learn

Tuesday-Friday 3:10-3:40

Youth will get 1-on-1 and group help with academics and skills needing attention.

STEM Labs

Wednesdays, Fridays

K-2: 4:00 to 4:30

3-5: 4:30 to 5:00

AmeriCorp has put together all of our YES lessons for our S- Science, T- Technology, E- Engineering, M-Math. We are so excited for our youth to get their hands in the fun.

Enrichment

Tuesday- Friday 4:00 to 5:00

This is a time we get to explore new skills, fun projects and let our minds lead the curiosity.

Social Emotional Learning (Prevention & Behavior)

Positive Action

Tuesday and Thursday
3:10 to 3:40

SMART Moves

Wednesday and Friday
3:10 to 3:40

Happy
Birthday

Kylee 3
Missy 19
Ares 22
Miss Lacey 24

UPCOMING EVENTS

7th Fire Drill
Halloween Celebration

CLUB CLOSED

October Club & Activity Details

Message to Parents:

Welcome to October! We have an exciting month ahead filled with creative projects, engineering challenges, and festive fall fun. Here is everything you need to know about what's happening in our after-school programs this month.

Club Highlights

Book Creations

Our young authors and illustrators in **Book Creations** are diving deep into story structure, character development, and visual storytelling! This month, students are working on writing and illustrating their own original stories. Keep an eye out for their completed books coming home soon—they can't wait to share their imaginative creations with you!

Global Inventors & World Engineering (Maker & Culture)

In **Global Inventors & World Engineering**, our young makers are exploring how cultures around the world solve real-world problems through engineering and design. From architectural wonders to sustainable everyday innovations, students are hands-on building models and discovering how science and culture intersect to shape our world.

Monthly Net Positive Day

Mark your calendars! Our monthly **Net Positive Day** is coming up. Once a month, our students come together for a dedicated session focused on community impact, sustainability, and giving back. Look for details on this month's specific theme and project in your child's backpack soon!

Halloween Fun Week!

Get ready for a week of spooktacular activities! During the last week of October, clubs will be celebrating Halloween with themed engineering challenges, creepy-creative storytelling, and festive crafts.

Stay tuned for details regarding costume guidelines for our celebration day!
