10/7-10/8 - SEP Conferences
(Friday Schedule)

CLUB CLOSED

10/9 - Jump Start (Staff Training)
10/22-10/26 - Fall Break

Get To Know Ms Madelyn!

Hello, I'm Madelyn Kay! I'm originally from Washington State, but I'm currently attending BYU, where I am studying Music Education. I love music, especially singing, and I love working with kids! Outside of school and work, I love being outdoors, hiking, playing sports, spending time with friends and family, and baking sweet treats. I'm so grateful to be part of the team, and I've really enjoyed getting to know these kids this school year. We have so much fun together!

PARENT RESOURCES

[Parent Handbook](#)
[Membership Handbook](#)

Project Learn: Power Hour

Daily @ 5pm

Project Learn is a daily opportunity for youth to learn new skills, practice and refine existing skills through engaging activities such as theme based clubs, homework help, and HYLAs (High Creative, Physical & STEM Rotations Learning Activities) and also participate in our math & reading programs.

STEM Labs

Monday - Thursday @ 4pm

Youth learn all about the scientific and design processes through hands-on and engaging experiments.

Enrichment

Daily @ 4pm

We have a variety of fun skill based enrichment activities. Look at the calendar for a full schedule of all the fun and to see the various activities taking place this month.

Social Emotional Learning (Prevention & Behavior)

Positive Action: Monday - Friday
(incorporated in all club activities)
SMART MOVES: Fridays @ 2:30pm

SMART Moves curriculum focuses on providing youth with important social-emotional skills. All SEL skills are taught through weekly lessons and then integrated throughout club activities.

October Club & Activity Details

Message to Parents:

October is a BIG month for all of us at Club. We have fall break (which will be open early on early out days), soccer games against Provo Peaks, our 1st Quarter Showcase, and we'll even get started with our new clubs for 2nd Quarter at the end of the month! Please be sure to note that we will be closed for fall break and we will also be closed an additional day for training. Also stay tuned for when we send out the sign ups for the 2nd quarter! You won't want to miss it!

1st Quarter Club Options:

STEM | M/W (K-2) T/Th (3-6) - Explore science, technology, engineering, and math through hands-on experiments, building challenges, coding activities, and creative problem-solving.

Health Heroes | M/W (K-2) - Health Heroes teaches kids about how their bodies work, healthy habits, and basic first aid skills. Members will learn how to stay safe, respond to emergencies, manage stress, and make healthy choices while building confidence and learning ways to help themselves and others.

Dance It Up! | T/Th (K-2) - Get moving while learning dance routines, building confidence, improving coordination, and expressing creativity through music and movement.

Lego Robotics | T/Th (3-6) - Design, build, and program LEGO robots while learning the basics of engineering, coding, teamwork, and creative problem-solving through fun challenges.

Cooking Club | T/Th (3-6) - Learn basic cooking and kitchen safety skills while preparing simple, delicious recipes and exploring healthy ingredients from around the world.

Soccer | M/W (K-2) T/Th (3-6) - Practice soccer skills like dribbling, passing, shooting, and teamwork while staying active through games and friendly competition.

Cardboard Creations | F (K-2, 3-6) - Use imagination and engineering skills to design and build amazing projects using cardboard and other recycled materials.

Sports Club | F (K-2, 3-6) - Stay active by playing a variety of sports and fitness games that promote teamwork, sportsmanship, and healthy lifestyles.

Club Scouts | F (K-2) - Build life skills through team challenges, service projects, leadership opportunities, and adventures that encourage responsibility and confidence.

Clay Club | F (K-2) - Get creative with clay! Members will learn basic clay-building techniques while creating fun projects, using their imagination, and building fine motor skills in a hands-on environment.

Sewing Club | F (3-6) - Discover the fundamentals of sewing by creating fun projects, learning basic stitching techniques, and building confidence with hands-on crafting skills.

3D Printing Club | F (3-6) - Explore the exciting world of design and technology by creating digital models and bringing ideas to life with a 3D printer while learning about engineering and innovation.
