

October 2026

Red Mountain

263 E 200 S Ivins | 435-656-3802

The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.

Happy Birthday to all our club and family members celebrating their special day in October!

Get To Know

Ms. Megan!!

Hello Parents/Guardians!

My name is Megan Reynolds, and I am the Area Director for the Boys and Girls Clubs of Southern Utah here in St. George. I enjoy cuddling with my cats, camping, and spending time with my family! If you have any questions or concerns, please don't hesitate to reach out. Thank you!

PROJECT LEARN

(Literacy & Homework Help)

Mondays to Thursdays

Strengthen reading and writing skills, complete homework, and build academic confidence

STEM LAB

(Science, Technology, Engineering, Math)

Mondays & Wednesdays

Explore, experiment, and learn through fun, hands-on activities that spark curiosity and creativity

ENRICHMENT CLUBS

(Physical & Creative)

Tuesdays & Thursdays

Get moving and get creative! Try new things, build skills, and have fun exploring and sharing your passions

"When we look into the actions of all living things, we see that each does not work for his own benefit only. There is an order in nature."

- Maria Montessori

October Club & Activity Details

Message to Parents:

Fall is in full swing, and October is packed with exciting activities for our members! During September's parent-teacher conferences, many of you were introduced to Red Mountain Elementary's 7 Habits. We are thrilled to share that our Club is fully aligned with the school, and each month we will focus on bringing one of these habits to life!

This October, we are kicking off with **Habit 1: Be Proactive**. We'll be helping youth take initiative, own their choices, and realize that they are in charge of their own actions and attitudes. Through hands-on STEM challenges, group leadership roles, and creative team projects, our members will practice taking charge of their learning and taking responsibility for their day in a fun, encouraging environment!

Plus, we are keeping up our strong daily momentum with Project Learn—helping your child tackle homework and nail that daily 20-minute reading goal so you can enjoy stress-free fall evenings together as a family!

If you have any additional questions, please don't hesitate to reach out. We are happy to help!

Fall Explorers Club:

Get ready for a cozy, action-packed season with our brand-new Fall Explorers Club! This month, youth will embark on a colorful autumn adventure to discover how fall looks across the country, and right here in our own neighborhood. From uncovering why leaves change color and drop, to getting hands-on with festive seasonal crafts and learning about delicious traditional fall treats, our members will experience the magic of the season through science, art, and fun. It's going to be an unforgettable autumn journey, so encourage your child to join the adventure!

With all the seasonal fun planned, it's a fantastic time for new friends to join. Please spread the word to neighbors and classmates—we'd love to welcome even more youth into our Club family this October!
