PARENT RESOURCES

[Parent Handbook](#)
[Membership Handbook](#)

Project Learn

Monday - Thursday 5 - 5:30

This time is used for academic support. Help with homework, reading practice, math practice, geography activities and handwriting are some activities we will work on throughout the school year.

STEM Labs

Monday/Wednesday 4:14 - 4:45

We use an evidence-based curriculum called YES to learn problem-solving processes, engineering principles, and hands-on engineering/science challenges.

Enrichment

Monday - Thursday 3:15 - 4:10

We are offering enrichment specialties this year, in the areas of Art, Sports, Building and Literacy. The activities in these clubs will change every 4 - 6 weeks, so there will always be something new for your child to learn and try.

Social Emotional Learning

Tuesday/Thursday 4:15 - 4:45

Smart Moves focuses on building age appropriate understanding of thoughts, emotions, actions and consequences, relationships, and stress management. We will talk about our talents and goals and healthy ways to pursue them.

October Club & Activity Details

Message to Parents:

Fall is here, and we are so excited to move into cooler weather, changing colors, and enjoying spooky time! We will focus on fall and all it brings in our art classes, books, games and activities. And don't miss our First Family Night of the Year, our **Family Halloween Dance Party, on October 29 from 5:00 to 5:45!** We welcome you and your family to come participate in our glow in the dark dance party! Costumes are highly encouraged, and siblings are welcome. We will also have some of our most recent art projects on display. Come join us for a dance and dessert.

Art - All people are artists, whether they know it or not! We will focus on learning about Impressionism, famous impressionist artists, and their works. We will try out their techniques using a variety of mediums, and, because it is Halloween this month, we will add a spooky twist to all our artwork!

Sports - Your kids asked, and we are delivering! This month we will be learning about volleyball, practicing various skills and playing games.

Builders Club - We love Legos so much, we could build with them every day! This month we will have a few Lego challenges, a few free builds and get ready for our next building unit where we will introduce cardboard structures.

Literacy - This is a new focus for us this year, and we are so excited! This month Book Club will read A Hero's Guide to Saving Your Kingdom. Your child will read, and be read to, engage with the characters,, write their own, and create art interpreting what they read.
