Get To Know

My name is Jonny Cook. I am a recent BYU graduate with a Bachelor's degree in Public Health emphasizing in Health Science. I'm from Salt Lake City and grew up with four brothers, and I have two nephews with a niece on the way! I enjoy science, music, and art and love reading and movies. I love coming up with fun activities and themes for your students to do, and have a fun time with them every day at afterschool!

October Club & Activity Details

Message to Parents:
Hello Parents and Guardians, welcome to the month of October! If you are just joining us, welcome! This month will be full of everything Harry Potter! The students will get sorted into their Hogwarts House, build and create their own broom and wand, play some Quidditch, and build charms related to their house! This is one of our favorite traditions to do every year and we can't wait to get started!

Harry Potter- The activities this month are all Harry Potter themed and include: Building a broom, creating and designing a wand, getting sorted into their house, playing quidditch, making charms, animal jeopardy, and creating potions!

Stem - For the first term of STEM the students will get to learn how to create Knee Braces and learn about modern medicine!

PowerHour - This is our homework help time, we will have a math tutoring group on Monday, Writing on Tuesday, Reading on Wednesday, and English on Thursday.
