November 25, 26, & 27 - Thanksgiving Break

What Is One Thing You're Thankful For This November? 🦃

I am SO thankful for my family and my BGC family! 🧡 I'm truly grateful to be at BGC and spend my days with these amazing students. Watching them learn, grow, laugh, build friendships, and show kindness to one another makes what I do so special. Even on the hard days, these kids remind me why I love being here! I'm so thankful to be a part of their lives and to have a little place in their world. My BGC kiddos hold such a special place in my heart! 🫶🍂🤎
-With love, Miss Alexis🧡

🎈 HAPPY BIRTHDAY ALEXIS! (NOVEMBER 15TH) 🎈

November Club & Activity Details

Message to Parents:

🍂 **Happy November!** 🦃

We are excited for another great month at the Boys & Girls Club! As we head into the season of gratitude, we wish all our members and families a wonderful November. We hope this month brings time to enjoy family, friends, and all the things that make this season special.

Thank you for being part of our Boys & Girls Club family. We are grateful for you and for the opportunity to serve you, and we look forward to another amazing month together!

Falling Into Creativity Club🍂 (Mondays & Wednesdays)- Students will explore their creativity through fun fall-themed crafts, hands-on art projects, and imaginative activities throughout November! From colorful autumn decorations to unique DIY creations, students will express themselves, learn new skills, and build confidence while having fun!

Positive Actions 🫂(Tuesdays & Thursdays) - Students participate in Positive Action lessons that help build communication skills, leadership, positive relationships, and healthy decision-making. Lessons include engaging activities and discussions that help youth develop confidence, responsibility, and respect for others.

STEM Club🧪 (Tuesdays & Thursdays) - Explore STEM through hands-on activities using YES Kits. Members will complete engaging experiments, design challenges, and interactive projects that encourage curiosity, critical thinking, creativity, and problem-solving. STEM Club helps youth discover how STEM concepts connect to the world around them while having fun learning through hands-on experiences.

Net Positive 🖥️ - Members will participate in engaging lessons and activities focused on digital citizenship and online safety. Topics may include responsible technology use, internet safety, cyberbullying prevention, media literacy, and building a positive digital footprint. This club helps youth develop the knowledge and skills needed to navigate the online world safely, respectfully, and confidently.

Power Hour ✏️ (Daily) - Power Hour provides dedicated time for homework completion, reading, and academic enrichment. Staff offer support and encouragement while members build responsibility, organization, time management, and study skills. The goal is to help youth develop strong learning habits and confidence in their academic success.
