What is one thing you're thankful for this November?

Zayley Chadburn

I am thankful for both of my jobs, my family, and my friends. Each of them has helped shape me into the person I am today. I appreciate the experiences, support, and opportunities they bring into my life, and I am grateful for all of them.

November Club & Activity Details

🍂 **Happy November!** 🦃

We are excited for another great month at the Boys & Girls Club! As we head into the season of gratitude, we want to wish all of our members and families a wonderful November. We hope this month brings time to enjoy family, friends, and all the things that make this season special.

Thank you for being part of our Boys & Girls Club family. We are grateful for you and for the opportunity to serve you, and we look forward to another amazing month together!

Create-a-Character: For the Create-a-Character Club, it will be a hands-on enrichment club. Students will use creativity and imagination to design original characters, develop characters' personalities, and create stories and adventures for their characters. It will be created through art, storytelling, role-playing, and group activities; the students will practice communication skills, problem-solving, decision-making, and teamwork. The students will make meaningful connections, choices, express themselves, explore emotions, and build confidence in a supportive and inclusive environment.

Amazing Animals- The Amazing Animals Club will be a hands-on enrichment club where the students will get to explore the fascinating world of animals, their habitats, behaviors, and their unique characteristics. We'll go through creative projects, educational games, and group challenges. The students will develop curiosity, problem-solving, communication skills, and teamwork skills. Students will be able to make meaningful connections and choices, share ideas, and build an appreciation for animals and the natural world in a supportive environment and an engaging environment.

Positive Actions 🫂(Tuesdays & Thursdays) - Students participate in Positive Action lessons that help build communication skills, leadership, positive relationships, and healthy decision-making. Lessons include engaging activities and discussions that help youth develop confidence, responsibility, and respect for others.

STEM Club🧪 (Tuesdays & Thursdays) - Explore STEM through hands-on activities using YES Kits. Members will complete engaging experiments, design challenges, and interactive projects that encourage curiosity, critical thinking, creativity, and problem-solving. STEM Club helps youth discover how STEM concepts connect to the world around them while having fun learning through hands-on experiences.

SMART Moves 💭 (Wednesdays) - Students participate in SMART Moves lessons that help build healthy decision-making skills, goal setting, communication, and resistance to peer pressure. Through interactive activities and discussions, youth learn how to make safe, positive choices and develop skills for success.

Net Positive Visit🖥️ - Members will participate in engaging lessons and activities focused on digital citizenship and online safety. Topics may include responsible technology use, internet safety, cyberbullying prevention, media literacy, and building a positive digital footprint. This club helps youth develop the knowledge and skills needed to navigate the online world safely, respectfully, and confidently.

Power Hour ✏️ (Daily) - Power Hour provides dedicated time for homework completion, reading, and academic enrichment. Staff offers support and encouragement while members build responsibility, organization, time management, and study skills. The goal is to help youth develop strong learning habits and confidence in their academic success.
