BOYS & GIRLS CLUBS OF UTAH COUNTY

**The mission of the Boys & Girls Clubs of Utah County is to inspire and enable all young people, especially those who need us most, to realize their full potential as productive and responsible citizens and leaders.**

## Happy Birthday

Tomas
Amy

## UPCOMING EVENTS

Monthly Staff Training 9/11

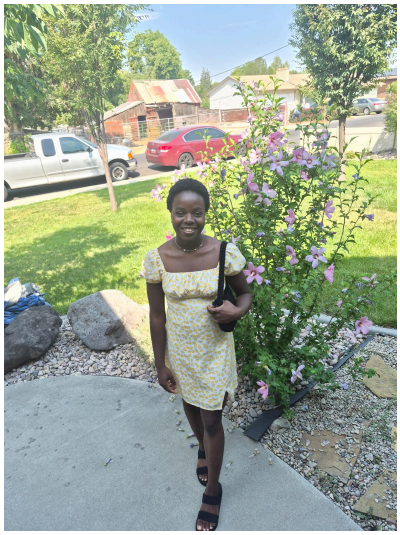

Labor Day 9/07

## CLUB CLOSED

9/07/26
9/11/26

## Get To Know

My name is Caroline Starr. I am new to the Boys and Girls club. I graduated from BYUI in Social Work earlier this year. I am excited and a little nervous working with the kids, but mostly excited. I love to play basketball, and watch movies and shows. It is my second week and I have already learned a lot and look forward to getting to know more about the kids, my team and also learning from them.

## CONTACT INFORMATION

***Armando Torres***
***Site Coordinator***
*Phone: (801) 372-5461*
*Email: armando.torres@bgcutah.org*

## PARENT RESOURCES

Parent Handbook
Membership Handbook

## Project Learn

*M-Th | 4:15-5:10pm*

Students will have dedicated time to focus on academically enriching activities which may include completing homework assignments, practicing math skills, reading independently or with peers, or engaging in other High Yield Learning Activities (HYLAs) that reinforce classroom learning.

## STEM Labs

*K-3rd | MW | 4:00-4:45pm*
*4th-6th| TTh | 4:00-4:45pm*

Activities involving science, technology, engineering, mathematics, and related topics. Kids will learn a variety of STEM related skills and participate in many hands-on activities. We will be using our EiE kits for these activities.

## Enrichment

*M-Th*
*3:00-4:00pm*

This month we will be starting our first clubs of the school year. They will be **Paleontology Club** and **Pickleball Club**

## Social Emotional Learning (Prevention & Behavior)

*We will be continuing with our SMART moves curriculum that we started in August. This month we will cover lessons 2-4.*

- *Feeling faces/All the Feels*
- *Emotions Head to Toe*
- *Time Travelers/Before, During, and After*

BOYS & GIRLS CLUBS
OF UTAH COUNTY

# September Club & Activity Details

## Message to Parents:

We're excited to welcome September at Bonneville and officially get our clubs and enrichment activities underway! After spending the first few weeks getting to know one another and establishing our routines, students will now have the opportunity to dive into a variety of hands-on activities designed to encourage curiosity, creativity, teamwork, and personal growth.

**Power Hour:**
Power Hour will take place **Monday–Thursday for 60 minutes** each day. Students will have dedicated time for homework help, reading, math enrichment, iReady, and other academic activities. For students who do not have homework, we provide High Yield Learning Activities (HYLAs) and additional opportunities to strengthen their academic skills. Our goal is to help students stay on top of their schoolwork while providing them with the support they need to be successful.

**STEM Labs:**
Students will begin our STEM Labs using our **Engineering is Elementary (EiE) kits**. Through hands-on engineering challenges, students will have opportunities to explore real-world problems, design solutions, test their ideas, and learn from the results. These activities encourage creativity, critical thinking, teamwork, and problem-solving while showing students how STEM connects to the world around them.

**Paleontology Club:**
Our Paleontology Club will give students the chance to explore the fascinating world of prehistoric life! Through hands-on activities and engaging challenges, youth will learn about dinosaurs, fossils, Earth's history, and the scientists who study our planet's past. Students will have opportunities to investigate, ask questions, and think like real paleontologists.

**Pickleball Club:**
Students will also begin our Pickleball Club, where they will learn the fundamentals of this fun and active sport. Through skill-building activities, games, and friendly competition, youth will work on coordination, teamwork, communication, and sportsmanship while staying active and having fun.

**Social-Emotional Learning – SMART Moves:**
We will continue our **SMART Moves** social-emotional learning curriculum during our Friday rotations. Through interactive lessons, discussions, and activities, students will continue developing skills related to making healthy decisions, managing emotions, building positive relationships, and handling challenges.

We're looking forward to a September filled with **discovery, creativity, teamwork, learning, and new experiences!** Thank you for your continued support as we work to make Bonneville Afterschool a place where every student can learn, grow, and thrive.
