Get To Know

Meet our enrichment club teacher, Stephen grew up as a military child and was interested in making things from a young age. At 12, he found the Star Wars cosplay community, and began to learn how to make film-quality costumes. Stephen believes if you can learn to make something rather than buying it, you should, and has learned electronics, metalwork, 3d printing, and many other skills to further his hobbies. He also loves the outdoors, and as an eagle scout, has spent much of his life camping and participating in other such activities.

November Club & Activity Details

Message to Parents:
[Write a small message to parents about programs and our goals through providing these clubs and activities]

[Club 1] - Miss Melissa will continue the activities that teach the students all about fall. How the leaves change, Why it gets colder, and many more interesting facts about fall.

[Club 2] - Mr. Stephen will be teaching the students how to structure and create a skit for the month of November. The students will be able to perform their skit for the group as well as families.
